Revamping Of School Supt. Staff Completed

Comptroller Post Now Permanent; Sites For Grade Schools Studied

The position of school comptroller, held on an acting basis by Victor G. Anderson since last November, was made permanent by the Granite City school board last night.

The post includes administrative responsibility for financial aspects of school operations, and the salary range will be 1695-1795, of base teaching pay over a six-year schedule. He will report to Supt. B. J. Davis.

Retained in the organizational chart but left vacant until Anderson's former post of administrative assistant for business.

Also vacant for the present will be the post of assistant superintendent, top pay of which may be set at 1725. It was listed at 1805, when the title was to be given for a specified time due to understanding there would be automatic advancement to superintendent.

Three Posts To Be Filled
Positions that are to be filled in the near future are assistant to the superintendent (eight applications received so far), curriculum coordinator (four applications) and Central junior high assistant principal (one application as yet).

Supt. Davis formerly was the assistant to the superintendent, and the others are new positions. The curriculum coordinator will receive 1405-1505 of base pay and the half-day assistant principal will receive 1695-1795.

The position of U. S. Elementary-Secondary Education Act Title I director held by Mrs. Ruth Lahr was placed on the administrative schedule as a ten-month-a-year assignment at 1155-1205.

With expansion of the duties of Earl Lee, administrative assistant in charge of personnel, the title was upgraded from 1405-1505 to 1495-1595.

Superintendent Contract
Salary of Supt. Davis was set at \$18,500 a year and a contract approved last night extends through June 30, 1968.

As compensation for added duties handled since the unexpected death of Supt. Russell D. Johnson, the new pay levels of Davis and Anderson and Lee were made retroactive to Nov. 14.

Teachers hired for 1967-68 were Miss Barbara Joan Phelps, 2599 Lynch avenue, SIU bachelor degree and one year of teaching, grade school; and Miss Ruth W. Rotter Jr., 2177 Washington boulevard, 1967 St. Louis University bachelor degree, college junior high mathematics; Miss Barbara Ann Jaeger, Booneville, Mo., 1967 Central College bachelor degree, junior high English and social studies; and Miss Ruth Marie Johnson, 2168 Woodlawn avenue, Illinois State University bachelor degree and one year of experience, elementary faculty.

Site Committee Planned
With several possible elementary school sites under consideration, it was decided to set up a study committee of two board members, two administrators, School Attorney Maurice Dalry.

Junior College Plan Adds to Cost Squeeze on Schools, SIU

(Third of four articles)

"Everybody's doing it" — not performing a "roaring '20s" dance, but forming a junior college district.

At least that's the way it seems, although there have been delays and election defeats in some parts of Illinois. The current tally stands at 26 districts, and another 14 are described as a possibility. Whether Quad-City will join the trend will be decided April 1 when they and other residents of an eight-county area vote on the proposed creation of the "Lewis and Clark" district. Advantages and disadvantages, probabilities and improbabilities, currently are being weighed.

Although it nor anyone else has yet been able to say where all the money is coming from, the Illinois Board of Higher Education is among the junior college advocates. It says that "thousands of students will be denied educational opportunities unless new public institutions are built in the near future."

But there are many who disagree, including Milburn "Pete" Akers.

Higher Board Member Opposed
Akers, editor emeritus of the Chicago Sun-Times, president of the board of McKendree College, Lebanon, and executive director of the Federation of Independent Illinois Colleges and Universities, would be worth listening to on the junior college issue if he has his only links to the subject.

"But as a member of the Illinois Board of Higher Education, he served in the next level of the university government to the Illinois General Assembly itself.

Akers has resigned from the higher board since voicing his objections.

The higher board has planning and coordinating duties, with jurisdiction over the Illinois Junior College Board, the University of Illinois, Southern Illinois University and the other universities and teachers' colleges.

An authority himself on Illinois, its people, its higher education and its finances, he is quick to point out the problems.

Five Promoted in Madison School Personnel Changes

The Madison board of education made administrative personnel changes for the 1967-68 school year during a meeting Tuesday night.

Donald Purkay, now Madison junior high school principal, will be Title I director (administrative assistant); John L. Patchell, Harris school principal, will become curriculum director (administrative assistant).

Madison high school coach Earl McClanahan will be the junior high coordinator; Porter Cawley, reading coordinator, will be the Harris school principal; and Louis Baser school, a new high school coach Glen Pickering will be in charge of student affairs and a counselor at MHS.

Final Tax Settlement
The school district received its final tax settlement from the county treasury on Tuesday. The \$713,426 is higher than the tax levy of \$708,753 but includes back taxes of \$582 and a Madison County Housing Authority contribution of \$7513. Actual collection of current taxes was \$9,789.

In other actions, the board: Decided to obtain bids for fencing the Louis Baser school.

Heard a report that new lockers are being installed at the high school.

Discussed the all-sports banquet to be held at the high school at 10 p.m. next Thursday, March 30.

Hired the accounting firm of C. J. Schlosser & Co. of Alton to audit the school district's 1966-67 audit.

Authorized a GAA "play day" at Madison high school for area schools on April 15.

Authorized the high school library club to make an annual field trip at the expense of its members.

Permitted a Trinity Church group to hold an Easter Egg hunt Sunday at the Madison high school field.

Approved educational salaries of \$97,775, school lunch salaries of \$3017, educational bills of \$10,250, building fund bills of \$3530 and lunch fund bills of \$6122. A cash balance of \$317,195 was listed in the treasurer's report.

A small safe stolen from the Disabled American Veterans Club on Monday night was found peeled by a couple of "spooners" Tuesday night near the old Chain of Rocks bridge.

The minimum goal is \$1,000, and the challenge goal is \$2,500.

It was Davis, who after reports of pledges were given by members of "the hospital family," said the first in the industry pledge is \$100,000. Davis is president of the castings division of General Steel Industries. The co-chairman, Lyle F. Guiley, executive vice-president of Granite City Steel Co., was out of town.

"Hospital Family" Pledges
"Hospital family" pledges amounted to \$388,500.

Joseph Glik, president of the Lay Advisory Board of 20 members, said pledges by the members were to date amount to \$25,400. While Drs. W. W. Bowers and David Friedman, co-chairmen of the medical division, announced a pledge total to date of \$100,000, and Mrs. Joseph Bergfeld, president of the Hospital Auxiliary, said the 1967 pledges are \$12,500.

Disaster Siren Blasts In Connection Test

Three successive soundings of a Civil Defense alarm system that brought downtown workers out of offices and stores were routine tests in connecting new siren installations with power lines at 1:10 p.m. yesterday.

The blasts went off as employees of the Federal Reserve Bank were making connections for the new Civil Defense alarm that the Granite City Steel Co. office building, a cash is one of seven air raid and disaster alarms being installed in the city.

A spokesman at the electrical firm said similar tests probably will be heard as connections are made at the other sites.

State Senate Group Ok's Fluoridation Bill

A Senate bill requiring fluoridation of all public water supplies in Illinois was advanced to the Senate floor to voting action this week after it was approved for passage Tuesday by the Senate Public Welfare Committee.

The committee endorsed the measure 12 to 1.

Sen. Bertil Rosander (R), Rockford, cast the "yes" vote. He said 74% of water supplies in Illinois already are fluoridated and the matter should be left to home rule.

In committee hearings the bill was favored by testimony of the Illinois Medical and Dental Associations, the Illinois Department of Health and the Illinois Public Aid department.

The Senate also had before it today a proposal to abolish the elective post of Illinois superintendent of public instruction who would be replaced, if the bill is approved, by a state board of education.

The legislation, sponsored by Sen. Carl Ogilvie (R), Carbondale, consists of a legislative bill and a resolution. The bill proposes for establishment of a seven-member state board consisting of three members from Chicago and four from downstate.

Would Appoint Superintendent
The resolution provides for a constitutional convention to abolish the superintendent's post, now held by Ray Page, a Republican.

Page has endorsed the program. The superintendent thereafter would be appointed by the board.

Pledges totaling \$537,661 for St. Elizabeth Hospital's expansion-modernization fund campaign were announced at Monday evening's community dinner in the new cafeteria at Granite City high school.

Noting the enthusiasm building up in the nearly 800 persons present as the announcements were made, Delancy J. "Bill" Davis, general co-chairman, told the large audience, "I don't think there is any question but that this drive is going to be successful."

To Give Clear View 72 Meters to be Removed At Downtown GC Corners

Removal of 72 "illegally located" parking meters from downtown Granite City corners is in the process of being authorized by city council members who are studying the matter.

The recommendation was by the Citizens' Traffic Study Commission that also suggested extension of the meter area along 21st street.

Several aldermen challenged the meter removal proposal, claiming that all of them could not be in illegal locations and that downtown Granite City "needs every parking space it can find."

In addition the council authorized the council to be prepared for nine different stop and yield traffic controls and for installation of 24 parking meters—23 at corners on 21st street near the hospital and one on State street.

A fourth recommendation for a one-way street proposal involving four streets was not acted upon.

Reject Earlier Proposal
Recommendations of the Traffic Commission were presented by Aldermen Whitmer, who also read a letter from Commission Chairman Dale Arnett rejecting a one-way street proposal submitted previously by Alderman Bartoski. Bartoski was absent Monday night.

The letter informed the committee that the committee "studied the plan (by Bartoski) and in very short order discovered flaws which would make the plan impractical."

Whitmer pointed out that removal of the 72 parking meters is necessary because of statutes that prohibit installation of meters within 20 feet of an intersection crosswalk or within 30 feet of a traffic signal.

Virtually all of the meters to be removed are located at corners utilizing the space right up to the crosswalks, Whitmer said.

This not only is a violation of state law but is a traffic hazard since cars backing out of the meter area are in the way of pedestrian crosswalk and frequently back around the corner to back in another direction.

Alderman Basarich protested the loss of revenue from the condemned meters saying he had been told the average income was \$2 per day for each meter. Whitmer said the daily income is around 60 cents per meter.

Alderman Thompson added that the question of revenue was not involved if the meters are located in violation. Arnett, who was in the audience, informed the council that each meter listed for removal had been measured and found to be illegal.

The council approved a motion (Continued on page 4, col. 7)

City Plans Special Census To Clear Legal Problems

An official special census of set at 40,073 and more recent estimates have ranged from 43,000 to 48,000. Alderman Rutledge noted that if the special census should show a population of over 40,000, the city would lose about \$115,000 a year in tax collection commissions.

He explained the collection duties would go to the county treasurer instead of being paid by the city treasurer and the council collector.

Rutledge and other council members expressed the belief that the population figure will not top 40,000. The city conducted a special census in 1955 to gain added.

The city's 1960 population was 30,000.

Not Guilty Plea Made by Bartylak; Trial Set April 10

(Related Story on Page 23)
Former State's Atty. Joseph R. Bartylak of Collinsville pleaded not guilty to an indictment charging official misconduct in office and 16 counts of theft during the income of his office Jan. 1, preceding this morning before Circuit Judge James O. Monroe in Edwardsville.

He retained at liberty on \$30,000 recognizance bond. The court set April 10 as the trial date. An expected motion to quash the indictment did not materialize.

Bartylak, who resigned as state treasurer after approval of a \$45,000 during his two years in office, said court officials said the money has been repaid.

He also was charged with failing to file financial reports on the income of his office Jan. 1, and with failing to turn over public funds to the county treasurer.

2 GC Candidates File Suits to Get Names on Ballot

Rockett Ruled Off Madison Ballot; Alley Lights Ok'd

The Madison electoral board has declared the aldermanic petitions of Charles Rockett, 908 Madison street, to be defective and invalid. It was announced at a city council meeting Tuesday night. His name will not appear on the April 18 ballot.

A hearing on the petitions of Rockett, who filed as a candidate for alderman from the Fifth Ward, was held in the Madison county circuit court at Edwardsville after an objection was filed by Carl Riley, 908a Jackson street.

It was noted that Rockett had listed an April 4 election date on his nomination papers, that he had filed under the "Democrat" party while city elections are run independently, and that the same person appeared to have signed the names and addresses of a number of persons on the petition.

Mayor Stephen Maeras, acting as head of the electoral board, said Rockett admitted using the party designation and wrong date but would not answer questions regarding the signatures.

Appeal Possible
After being notified of the decision by mail, Rockett's attorney from St. Louis indicated that an appeal may be filed.

The hearing was conducted by Maeras and by Emil Ulanski as (Continued on page 3, Col. 1)

Hearings Set Monday; \$63 Fee Ok'd Yesterday To File At-Large Appeal

Two Granite City alderman candidates filed mandamus suits in Madison county circuit court Tuesday to force City Clerk Homer "Cal" Pendleton to place their names on the April 4 election ballot.

They are Andrew Gasparovic Jr. of the Third Ward, who had filed ward-at-large petitions, and James C. Byers Jr. of the Sixth Ward, who had filed ward-at-large petitions.

A third candidate who had filed by ward-at-large, Norman Alexander of the Seventh Ward, was undecided as to questioning Pendleton's decision ruling him off the ballot.

No Word From Others
No legal action was taken so far by seven other aldermanic candidates who had filed at-large petitions and also are to be omitted from the ballot for the ward election.

They are Donald Stucke, Dr. James C. Byers Jr., Eight Ward incumbent Earl Thompson, Curtis Blevins, Boyd Presley, Anthony Michael and James Kostoff. A third plan written campaign.

Gasparovic claims those who designated a ward number along with the at-large stipulation have a right to be placed on the ballot.

He also claims that five pages of his petitions, completed before the at-large election order of Association Judge J. H. Streeter, contained the ward designation only and list a sufficient number of signatures, obtained in the Third Ward, to qualify him as a candidate.

His statement of candidacy lists both designations. "Walls said the Press-Record this morning that he filed his suit at the request of many persons in the Sixth Ward who signed his candidacy petitions."

"This is the largest ward in the city, and I feel the people are entitled to a choice of candidates on the ballot. If this suit fails Monday, plan to campaign as a write-in candidate," Walls added.

Payment for transcript expected to be filed by the end of the week is the council's appeal of the at-large election order to the Appellate Court. Obtaining a transcript of circuit court hearings was delayed earlier this week, when the council Monday approved payment of \$45 to cover the transcript cost while an additional \$63 was needed.

The added fee became known Tuesday, when city attorney was allocated the \$63 from the city's petty cash fund upon authorization by two members of the Finance committee, Aldermen Rutledge and Fry, when they learned of the predicament yesterday. After the appeal is assigned a number by the Appellate Court clerk, briefs are to be filed by the lawyers for both sides.

Mother Seeks Paper's Aid to Contact Son

An unusual request was received from the mother of Seaman Apprentice Glenn Thompson, who is aboard the USS USS Princeton and is getting his Press-Record regularly but is not receiving any other mail.

"Please put an item in the paper to let him know that his family and friends are writing him regularly and are getting his mail," Mrs. Richard Ethington of Ryan avenue told a reporter.

"I'm writing him at least twice a week, and it's been nearly a month since he's received a letter, but he does get his Press-Record on time. If he reads the item, then he will know we are thinking of him."

Seaman Ethington, 19, enlisted Nov. 28, 1964, and is assigned to servicemen when plane space is available.

Citizens Sewer Bond Issue Group to Organize Tonight

Organization of the campaign for approval of an \$8 million sewer project to about \$4 million. The group is expected to be completed in a meeting at 7:30 tonight in the city hall.

Plans for the meeting were announced at the city council session Monday night by Alderman Sternberg, chairman of the Citizens Sewer committee.

Sternberg said, the Citizens committee which will aid in the city-wide campaign will be organized and other details of the drive worked out.

Sternberg said the committee has decided to place only one issue on the ballot—for a total of \$8 million to be used as match funds for federal grants which are expected to bring total available funds for the sewer project to about \$4 million.

Sternberg said he believed the city should forego hiring a fiscal agent which, he said, acts only in an advisory capacity. He said he had talked to several bankers who were of the opinion the city should obtain the information it needs without charge from local investment representatives.

"I also talked to several bankers," he said, "and I was told that no matter where we get the information or who we get it from, we will have to pay for it. . . no one is going to act as a fiscal agent without charge."

Terry Waffer Elected Master Councilor

Terry A. Waffer, a son of Mr. and Mrs. Raymond F. Waffer, 4022 Vescey avenue, was elected master councilor of the Granite City Chapter, Order of DeMolay, at a meeting Tuesday evening.

Other officers elected are James L. Fitzpatrick, senior councilor; Richard Lowe, captain; and Charles Hileman, treasurer. Waffer is a Granite City high school senior and a member of the school band. All of the officers, including the newly-elected senior officers and the senior and junior officers to be appointed, will be installed in a formal ceremony Tuesday, April 18.

John Rutherford, 66, Dies; Former Resident

John Bundy Rutherford, 66, of St. James, Mo., the father of two sons, died at 8:30 a.m. Tuesday, at Barnes Hospital, St. Louis. He had been ill two years and was admitted at the hospital five weeks ago.

A native of Madison, Mr. Rutherford had lived in this area until 1942 when he moved to St. James. He owned and operated a motel and restaurant in that community.

Surviving are his wife, Mrs. Nettie Rutherford; one daughter, Mrs. Geraldine Dowdy of Granite City; two sons, Arnold Rutherford of Granite City and Harold Rutherford of Tuscola, Ill.; his mother, Mrs. Anna Rutherford, 88, of Bronck, Tex.; one brother, Vernon Rutherford of Uvalde, Tex.; two sisters, Mrs. Fannie Foster of Edwardsville and Mrs. Nellie Adair of Bronck, Tex.; nine grandchildren, five great-grandchildren and several nephews and nieces.

Funeral services were held at 2 p.m. today in St. James, Mo.

New Book Dedicated To Wilbur Trimp

George T. Wilkins, Granite City, former state superintendent of public instruction, and Robert G. Andree, former school administrator, are co-authors of a recently published book, "Handbook on School Construction," which they dedicated to Wilbur R. L. Trimp, Madison county superintendent of schools.

Wilkins and Andree, both of whom are professors of education at Southern Illinois University - Southern campus, said the book is designed to aid school administrators and school boards build proper school facilities.

The first copy of an advance edition was presented to Trimp. Trimp succeeded Wilkins as county superintendent in 1959 when Wilkins was elected to the state post. Advance copies were needed for courses beginning the spring quarter at SIU-SW, Wilkins noted. Wilkins counseled and helped dedicate 192 buildings while state superintendent.

Easter Schedule At Gospel Mission

MORE ABOUT Rockett Ruled

senior alderman. Chief Circuit Judge Joseph J. Barr had named Associate Circuit Judge Fred Schuman to sit with the board to replace Percy Lux, city clerk, who is ailing, but Rockett's law-
yer rejected the proposed assign-
ment, Maeras reported.

Mayor Maeras commented at the meeting that Rockett can still run as a write-in candidate in opposing incumbent Alderman John Haynes Jr.

The council approved lights for alleys behind 1724 Fifth street, 1705 Fifth street, 1633 Sixth street, 711 Iowa street, the mid-
dle of the block between Seventh and Eighth streets and Madison
avenue and State street, and at the rear of Camp's barber shop on Jackson street.

A complaint was heard that traffic jams are forming on Sixth street at Madison avenue on Fri-
day evenings and Saturday
mornings as autos wait to pull
up to a bank drive-in window. It
was decided to assign a police
officer during the rush hours.

E. J. Miller, city comptroller,
has been appointed officially as
deputy city clerk by Lux, pend-
ing the duration of his illness, it
was noted. The council accepted
a \$200 bond with the Maryland
Casualty Co. as Miller's surety.

Parking Lot Accident

The left rear of an auto owned
by Jimmy S. Wells, Collinsville,
was struck by a hit-and-run dry-
er while it was parked on the lot
at the American Steel Foundries,
he reported at 11:15 p.m. Wed-
nesday.

Three Persons Hurt In Traffic Accidents

Wille McMiller Jr., 16, of St.
Louis, was injured when his auto
was struck by another driven by
Warren Oshali, 4865 Warnock ave-
nue, at 1:40 p.m. Wednesday on
Chain of Rocks road 700 feet east
of the Chain of Rocks bridge.
State police said McMiller was
making a left turn while Oshali
was attempting to pass.

McMiller was taken to St.
Elizabeth Hospital with abrasions
to his head and left foot, lacer-
ations to his chin and injuries to
his left shoulder and arm. He was
transferred to St. Louis City Hos-
pital. Three passengers, Melvin,
five, Larry, 12, and Jimmie Mc-
Miller, 13, were examined and
released from the hospital.

Delia A. Nadziejko, 61, of 2512
Grand avenue, complained of
pains after her auto was struck
in the rear by another driven by
Wanda L. Wright, 3013 Ash ave-
nue, at 12:35 a.m. Wednesday at
27th and Iowa streets. The Nad-
ziejko auto was making a right
turn off Iowa.

Richard Heatherly, 17, of 2145
Moore street, was injured when
his auto struck the left side of
the car of Levern R. Dunham,
2423 East 23rd street, who was
stopped at East 23rd and Kate
streets at 6:40 p.m. Monday.
Heatherly said he could not see
the auto because of oncoming
traffic.

He was taken to St. Elizabeth
Hospital with injuries to his
right arm, hand and shoulder.
He was released after treat-
ment.

Two Meetings Here on School's Public Image

"Public Relations in schools"
was the topic of a dinner and
meeting of 70 Madison county school
administrators Tuesday night at
Madison high school and also of
a committee report to the Gran-
ite City school board last night.

Speakers Tuesday were Dr.
Fred McDavid, Bloomington
school superintendent; Sgt. Jer-
emy Podewas of the East Alton
grade schools; William F. Winter,
Press-Record associate edi-
tor; and Charles Weiss, Central
junior high school principal.
Sound and open educational pol-
icies were stressed, along with
effective contact with the public
by all school personnel.

Weiss, chairman of the Granite
City school system's public rela-
tions committee, last night re-
viewed current and proposed
activities of the group and
praised the Press-Record for re-
porting on numerous phases of
the instructional program.

County administrators Tuesday
elected for 1967-68 Granite City
School Board: B. J. Davis as secretary-
treasurer and East Alton-Wood
River High School Supt. Nels
Havens as president. President
Lester Bickel, Collinsville ad-
ministrative assistant superin-
tendent, presided.

Courses for 36 Nurse Aides Here Approved

(Special from Washington)
Cong. Prentiss announced
federal approval of training of
36 nurses' aides here, including
12 each on April 17-May 19, June
19-July 21 and Aug. 21-Sept. 22.
Applications are being accepted
at the Illinois State Employment
office in Granite City.
The U. S. will pay \$375 of the
\$883 cost of providing the five-
week, 200-hour instruction at the
Tri-Cor building. Cooperating
groups include St. Elizabeth Hos-
pital and the Granite City school
district. Mrs. Mary Hughes, RN,
is the instructor. Over 100 have
passed the course here in past
years.

City Rejects Landfill Pled to Burn Trees

Russell Burk, operator of the
Granite City landfill for
National Disposal Co., told the
city council Monday night that
the landfill is filling up too rap-
idly because of the large amount
of large tree limbs and logs.
Burk asked the council for au-
thorization to burn brush, limbs
and smaller tree trunks. The council
refused permission and said it
expected the disposal firm to live
up to the terms of its contract.

Home on Leaves

Herman Schubert, son of Mr.
and Mrs. Martin Schubert, 2315
Lincoln avenue, and Vernon
Thomas, a son-in-law, are both
at home on 30-day leaves. The
former has just completed four
weeks' schooling at Sheppard Air
Force Base in Texas and will
leave April 17 for a three-year
tour of duty at Phu Loi, Vietnam,
and will be stationed at Fort
Stewart, Ga. Schubert's wife,
Pat, and Mrs. Thomas and two
children will join their husbands
later.

Dr. C. C. Steers, 64, Former Resident, Dies

Dr. C. C. Steers, 64, of 5801 Lillian avenue, who formerly maintained his chiropractic offices in the Geroff Building, 21st and State streets, died following an apparent heart attack Tuesday afternoon. He was found dead at home by his wife, Mildred, at 5:15 p.m.

In practice here from 1946 until he became ill in 1960, Dr. Steers was a native of Hannibal, Mo. He and his wife moved to St. Louis in 1957 after residing here for seven years.

Other survivors include four daughters, Mrs. William (Delora) Powell and Miss Janet Steers, both of St. Louis; Mrs. Kathryn Crow of Salt Lake City, Utah; and Mrs. Betty Adams of Creve Coeur, Mo., and one son, Jack Steers of Hannibal, Mo. Funeral services will be held tomorrow in St. Louis.

Pleads Not Guilty

Jon Stewart, 22, of 2815 Lincoln avenue, was arrested Monday on a charge of theft of under \$150, involving beer missing from a beer truck. He pleaded not guilty that afternoon, in magistrate's court and cash bail was set at \$400 pending a hearing. The incident occurred several months ago.

Services for Former Resident at Walshville

Funeral services were held in Walshville, Ill., for Mrs. E. Myrtle Arnold, 75, of that community, a former local resident, who died March 11 at St. Francis Hospital, Littlefield. She was in ill-health with a diabetic ailment.

The Arnold family resided in Granite City 18 years prior to moving to Walshville in 1950. Mrs. Arnold was a former member of the Calvary Baptist Church. Her husband, Edgar, died in 1958. Survivors include one daughter, Mrs. William C. Raub of Marceline, Mo.; a son, Alvin Arnold of Walshville; two grandchildren and two great-grandchildren.

English Given Added Term for Burglary

James Leroy English Jr., 20, of Granite City, was sentenced to term of two to three years in Missouri penitentiary this week by Circuit Judge James O. Monroe on a charge of burglary of the 1st degree. English was 15 when he was arrested at a tavern near Mitchell Ave. Nov. 25.

The sentence is to run concurrently with a two to three year sentence he received last month on an aggravated battery charge. English was indicted for burglary along with Russell Mahoney, 21, of Rural Route One. The court is conducting a probation investigation for Mahoney.

Hospital

member group has pledged \$150,000 over a six-year period. Special recognition was given the hospital employees, who had set a goal of \$75,000, and in two weeks pledged pledges amounting to \$62,111.

Representing the 389 hospital employees were Miss Jackie Haug and Paul Hopper, co-chairmen of that division.

Introduced were C. E. Townsend, Press-Record editor/publisher, and the honorary drive chairman, Harold R. Fischer, president of the First Granite City National Bank, as advance gifts chairman, and E. A. Karsch, president of the Granite City Trust & Savings Bank, as campaign chairman.

40-Member Team

Davis also introduced Dr. Felicia Koch, who will head the 100-member general solicitation group. Dr. Koch, Illinois Mother of the Year last year, will be the first chairman of the drive.

Speakers of the evening were Dr. Anthony J. J. Rourke, hospital consultant, and Dr. Charles A. Haney, chairman of the board of Haney Associates, Inc. Dr. Rourke stressed that St. Elizabeth Hospital was the best of all hospitals he had visited in the past 15 years. He pointed out that the hospital had been in existence since 1859 and that it had survived through the years by being able to adapt to the needs of the community.

His survey showed patients admitted for surgery increased 132% from 1400 in 1959 to 3300 in 1965, while medical admissions jumped 24% in the same period from 100 to 3400. He stressed the need for new operating and emergency department facilities, and expansion of auxiliary departments, such as x-ray, laboratory, physical therapy, special diagnostic services and the laundry.

Dr. Rourke said the old wing of the hospital is entirely inadequate under present day standards and would be too expensive to modernize. He proposed the new wing will provide space for the necessary enlargement of the hospital's departments.

Office Trailer Burns, Damage Set at \$4300

Honor School Athletes

Over 250 parents, teachers, athletes and guests attended the annual Granite City high school winter sports award banquet at the new high school cafeteria Tuesday night.

Following the now "famous" GCHS smorgasbord meal, City Treasurer E. R. "Pat" Rich, master-of-ceremonies, introduced Principal Lawrence McCauley, who welcomed those attending and commended members of the "G Club" who have sponsored the winter and fall sports award banquets since 1955.

"There are only four members in the 'G Club', and they deserve thanks for their continuing efforts in behalf of our athletes," McCauley said. He named them as Rich, Cameron VanBuskirk, David Morgan and Jon Tarpo.

Guest speaker, Kenneth G. Tillman, wrestling coach of Southeast Missouri State College, Cape Girardeau, Mo., told the audience and 30 wrestling and track members of the GCHS that athletes offers "the most critical of challenges to youth—that of discipline."

"You must have discipline in diet, rest, stimulants and Christian spirit. The athlete who develops these attitudes will carry them into his adult life and find success," he continued.

Tillman said he was proud of Granite City's representation at his school. Three former wrestlers, Ernie Kern, Paul Lapinski and Lester Robertson, and one track man, Dwain Bridges, currently attend the college.

After the address, letters were awarded to both wrestling and basketball warriors.

Wrestling Letters
William "Red" Schmidt, GCHS wrestling coach, presented letters to the grapplers and commended all for their performances this season.

Lettermen are Bob Miller, Bill Fuchs, Jan Gitchco, Gus Schalkham, Bill Gibson, Ricky Smith, Jerry Lapinski, Bruce Illies, Ray Hanks, Paul Hoffman, Ernie Schwendeman and Tim Wallace.

Steve Marler and Bob Schreiber were awarded manager letters.

Gibson and Schwendeman were named 1967-68 wrestling co-captains.

State Champion Cited
Schmidt reviewed six senior wrestlers' careers and awarded a "pin trophy" to Fuchs, undefeated Illinois state champion, for tallying 30 pins out of 40 wins this season. Fuchs also was selected as the most outstanding senior wrestler.

Jan Gitchco was presented the "Mr. Grappler" award by the Red Peppers, student pep organization.

Fuchs and Hanks, representing the graduating wrestlers, presented Schmidt and Walt Whitaker, assistant wrestling coach, with a combination trophy and desk set containing a clock, pen and wrestling figure.

Schmidt's comments on the wrestlers included a description of Fuchs as "one of the best wrestlers" ever produced at GCHS, and a rating of Hanks as the most improved wrestler this season.

SENIOR WARRIOR CHEERLEADERS receiving letters at sports banquet this week were, left to right, Vicki Duncan, Mary Berosky, Sherry Talley and Katy Kaseberg. Miss Duncan served as honorary football captain, Miss Talley as honorary basketball captain and Miss Kaseberg as honorary wrestling captain during the past seasons.

MISS SCHOOL SPIRIT AWARD, spring 1967, was presented to Gayle Schermer (left) and Colleen Robertson jointly at the winter sports banquet held Tuesday at GCHS.

Basketball Awards
Ralph Sackett, Warrior basketball coach, presented letters to eight basketball players and commented that the team's efforts represented the best since he began coaching at GCHS.

Principal McCauley later said that the team had met the challenge and won in the regional tournament before "losing, because of two minutes of play, to Collinsville."

Coach Sackett presented letters to five seniors, Jim Hentzel, Terry Moore, Bob Malotki, Mike Hoy and Jim Stuart; one junior, Jeff Jones; and two sophomores, Gary Simpson and John VanBuskirk.

Cheerleaders Honored
Miss Sylvia Angeloff, cheerleader sponsor, presented letters to four seniors, Mary Berosky, Vicki Duncan, Sherry Talley and Katy Kaseberg, and five juniors, June Fowler, Donna Ferro, Jean

Madison High Coaches Ending Long Careers

Earl McCallahan and Glenn Pickering will end their successful coaching careers at Madison high school this spring.

New duties beginning with the 1967 fall term were approved by the Madison school board Tuesday.

McCallahan, Trojan basketball, baseball and cross-country coach, will become principal of Madison junior high school. Pickering, Trojan football and track coach, will be director of student affairs and counseling at Madison high school.

Both leave notable coaching records. McCallahan, presently overseeing the Trojan basketball team, led the basketball Trojans to an undefeated Midwestern Conference title and Christmas tournament championship this season, plus other titles in the past.

Pickering, current track coach, has guided Trojan football squads to many successful seasons.

Replacements for the coaches have not been named.

Motorbike Stolen

John Burgess, 2432 St. Clair avenue, reported at 2 p.m. Wednesday that his black and chrome motorbike was stolen from the driveway of his home.

Graklanoff, Kathy Crawford and Deana Takmajan.

Those seated at the head table and introduced by Rich included Supt. of Schools and Mrs. B. J. Davis, Athletic Director and Mrs. Richard Yates, Mrs. McCauley, Mrs. Schmitt and Mrs. Sackett.

Also a guest at the dinner was Ernie Kern, who is coached by Tillman and is home recovering from an injury sustained while wrestling at Southeast Missouri.

First Warrior Ball Game 2-2 Deadlock

The Granite City and O'Fallon high school baseball teams were able to play for the first time yesterday at O'Fallon after having scheduled season openers four years in a row.

Weather prevented the three previous attempts.

The record remains even, however, because the game ended in a 2-2 tie.

Two RBI's by Stuart
Both teams did their scoring in the third inning. For the Warriors, Paul Kacera singled, Jeff Jones walked and Jim Stuart hit a double to centerfield, driving in both baserunners.

Leftfielder Carl Benson hit leadoff triples in the second and sixth innings but was stranded both times as O'Fallon hurlers recorded strikeouts.

Steve Lengyel pitched the first two innings for GCHS, allowing one hit. Mike Hoy gave up three hits and two runs in his two innings, and Dan Rasmussen finished by limiting O'Fallon to one hit. Walks and strikeouts totaled one and two off Hoy, two and two off Hoy and one and none off Rains.

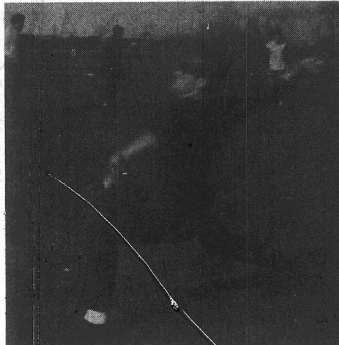

Coach Joe Fedora also alternated catchers, using Ray Hanks, Mike Dochwart and Roger Belsh.

Competition Intense
Impressed by the performance, Fedora said it was "the best opening game we have had in many a season. The problem now is to find jobs for the many able players."

Game lineup included Ray Conkey in right field, Jones in center, Kacera at third base, Stuart at shortstop, relieved by Gary Simpson in the fifth inning, Benson in left field, Steve Conway at first base, and Bob Johnson at second base, relieved by Jim Peters in the fifth.

"We are experimenting with our lineup because of the equal playing ability of the boys," Fedora concluded.

The Warriors next play Wood River Tuesday, March 28, in their Southwestern Conference opener at Wilson Park.

AND THE PITCH — Greg Wasylak, one of three returning Trojan baseball lettermen, practices his hurling for Madison's season opener March 28 with Roxana. Earl McCallahan, Trojan baseball coach, instructs other Trojans in the background.

Young Trojan Baseball Club Ready for Opener

With just three returning lettermen available, combined with the pre-season practice, Earl McCallahan, Trojan baseball coach, looks dim at Madison high school.

"You never can tell, though, until about mid-April whether the team is going to develop or not," the coach related.

The Trojans play their first game with Roxana at Madison Tuesday, March 28.

Trojan hopes ride on a group of sophomore players still in the development stage.

Jim Scott, a returning lettermen, will probably play shortstop on the first squad. Louis Crook, also a lettermen, is the Trojans' contender for catching duties.

The only senior returning lettermen, Greg Wasylak, will occupy the mound in many of the games.

"The team will have a young ball club, and it's rough to develop young players in the relatively short high school baseball season," the coach related.

"By the time the club is coordinated, the season is more than half over then, after the season ends, most of the boys don't touch a baseball again until the next spring."

"You just have to wait and see," he concluded.

MORE ABOUT

Junior College

discount the ability of himself or anyone else to accurately pinpoint future demands for new facilities. "Who can say what the future effect of the new junior college system?" he asks.

Gains Overestimated

Akers cites Committee H of the Board of Higher Education. Preparing its calculation only three months before the start of school last fall, the committee estimates that total university enrollment would rise from 305,547 to 342,000. Actually, it jumped only to 327,140.

Instead of a 36.43 increase, the change was 21.83. This was an overestimate of 14,860.

The inference is clear. If a three-month projection is going to overshoot the actual increase by 68%, how much faith should be placed in estimates covering a period of many years? The estimate for the next two years is 36% gain in total enrollment.

Akers also is critical of procedural steps being followed by the same committee. In advocating four new urban "senior" universities, it seeks a \$5 million grant to both study the need for such a system and acquire land for it; the "study" would have to reach an affirmative conclusion in order for the funds to be spent.

The higher board places the total 1974 university demand at 575,000 students and the likely capacity at 542,259. Saving 26 of 43 private colleges plan to limit their enrollments by then, the board concludes they are expanding only 63% as rapidly as needed.

Akers disagrees with such figures and asserts, "If you add up all the college and university expansion, public and private, which is already planned in Illinois in 1980 we need which Committee M claims will exist."

And he makes it plain that he thinks the committee is greatly overestimating the need.

Money Alone No Solution

Although conceding that higher learning does involve large expenditures, Akers is not convinced that money alone is a solution for all state higher education problems.

Once, private funds took care of the entire load. Even today, 48.6% of university students in Illinois attend private schools not supported by state taxes, Akers contends.

As additional tax-supported universities are built, the competition becomes more intense for private universities. Each time one of the latter has to close, there is a demand for more state taxes to build more schools, creating a continuing cycle, Akers asserts.

Seventeen Illinois private colleges currently plan expansions totaling \$86 million during the next seven years.

If there was enough state money to go around, the impact of new tax-supported colleges might be less acute. But there have been repeated cutbacks affecting schools like Southern Illinois University; the higher board slashed the SIU-SW financial request by 90% last September. There seems to be no prospect of needs being matched by legislative appropriations in the next biennium or in any other biennium in the foreseeable future.

Tax Dollars by the Billions

For operating expenses alone, Dr. Lyman Glenn, Illinois Board of Higher Education executive director, last fall proposed state tax spending of \$25 million in 1967-68, \$631 million in 1968-71 and \$742 million in 1971-72.

He estimated university construction at \$36 million (the schools asked for \$65 million and the higher board approved \$60 million) in the next two years, \$319 million in 1968-71 and \$260 million in 1971-72.

Grand total for higher education

was projected as \$981 million, \$560 million and \$1,022,000 in the three bienniums, a six-year figure of nearly \$3 billion.

It seems highly probable that there will not be enough money to go around; some type of state tax increase will be considered.

Dr. Glenn cautions junior colleges against adopting an "attitude that no matter how high the unit cost or how large the construction plans, the state is obligated and will pay 75% of the costs." He favors setting of maximum cost and space standards.

The junior college board exhausted its available funds last summer and seeks efficiency appropriation this spring.

Overall state budget for the next biennium may approach \$6 billion, compared to \$4-billion now, Ted Leth, Department of Finance budget expert, estimates. To finance this, new revenue of \$1 billion to \$1.5 billion would be needed, he adds. A "modest surplus" is expected in state coffers as of June 30.

New State Treasurer Adlai Stevenson III feels that "the present money situation is critical. Additional revenue will have to be found."

The budget approved by the higher board for state colleges and universities during 1967-69 amounts to \$501,066,214. This is up \$179 million or 40% over the two-year period ending June 30; for all types of education in 1965-67, the state spent over \$1 billion, or 28.9% of total state-level spending.

Inflation Factor

Dr. Glenn defends the spending plans by saying that "the dramatic rise in appropriations during the past two years and the requested appropriations for the next biennium are characteristic of a national trend."

"Inflationary trends in the state's economy also have produced escalating costs in higher education," he says.

State Supt. of Public Instruction Ray Page, says, "I am not proud that in Illinois the state pays only 25% of the cost of education. Large states like New York, California, Pennsylvania, Texas and Ohio are paying nearly 50% of the cost." He has been critical of Gov. Otto Kerner for failing to appoint to the state junior college board any resident south of Bloomington.

State Auditor Michael Howlett says school costs nationally rose 115% in the past decade and will go up another 57% in the next decade.

All seem convinced that costs will continue to spiral, putting an increasing squeeze on taxpayers, public schools and established state universities. The junior colleges add to the financial pressure.

Despite this, new proposals continue to be submitted. Phase I of the higher board's "master plan" included the statewide system of junior colleges authorized by the legislature two years ago.

Under Phase II, it is estimated that 18-to-21-year-olds in the state will number 872,000 by 1980, a gain of 51% compared to 1965.

Wants Senior Colleges, Too
Urging extension of school opportunity "in the urban areas of the state where the greatest number of students reside," the board has outlined a proposal for the four urban "senior colleges," each serving juniors, seniors and graduate students.

Suggested locations were the northwest section of the Chicago metropolitan area, near Rolling Meadows; the southwestern section of the same area, near the Argonne National Laboratory; Chicago's far west side, near the Eisenhower expressway; and east of Springfield, near Interstate Route 55.

The board said that "by 1980 two-thirds of the Illinois population will live in the Chicago area, and that the Springfield site would add recruiting and training of governmental personnel. Among its other recommendations, the board proposed an Inner-City Educational Council in Chicago and East St. Louis to plan guidance and training programs for disadvantaged youths who can benefit from education after high school.

Other Colleges Displeased
Very Rev. John R. Courtney, president of DePaul University, Chicago, says advanced planning for the computer universities will not be opposed. "But the word 'development' smacks of commitment, and we are opposed to a commitment to this purpose at the present time."

Conrad Bergendoff, Augustana College president, questions "whether the state has the money to pay for them or the faculty to teach them."

The Federation of Independent Illinois Colleges and Universities supports the higher board concept but does not regard it as "final." It favors an immediate boost to state scholarship and tuition aid from the present \$17.5 million to \$35 million for the next biennium.

Half of the sum, would be used

Traffic Signal Charge

Two drivers were arrested on traffic signal violation charges Tuesday night at Nameoki and Johnson roads. They are Joseph E. Allen, 617 East Chain of Rocks road, and Jeffrey V. Gravelle, 1616 Sixth street, Madison.

The Board of Higher Education proposes \$14 million for scholarships and \$6 million for tuition aid in 1967-68.

The private college group is not convinced that a crisis of the order suggested by the higher board exists. It contends that the board has consistently preferred higher enrollments than actually materialized.

Both disagree with a proposal for decentralized administration, Dr. Morris asserting that when tried in the past this led to expensive duplication of programs and facilities.

Draft Change Pending
A new factor indicating that the demand for junior college and senior college space may be less than anticipated is the U. S. presidential commission's recommendation.

This proposal is that the selective service system be purchased, with educational deferments eliminated. "The draft is believed by many to have led to artificially high enrollments—in universities and graduate courses—that will drop sharply if college attendance no longer has a bearing on military service."

S. Nameoki Rd. Project

Now Planned for August

An August contract letting for the South Nameoki road improvement project instead of in May, was announced at the Granite City council meeting Monday night.

The three-month delay, Alderman Sternberg, chairman of the Street committee, said, "is because 'there is some concern' over the progress on removal of encroachments along the right-of-way and the closing of some right-of-way acquisition negotiations."

As a result, the council, on motion of Alderman Fry, called a special meeting for 3 p.m. today to be attended by state highway department officials, members of the council and the city's appraiser, negotiator and Assistant City Atty. Norman Kinder.

90 Days Needed
Sternberg, after remarking that he had received "the utmost in cooperation" from Robert

tax "bait" showed that by the end of the present year, if no projects other than current maintenance are undertaken, the city should have an MFT balance of about \$121,000.

The Illinois Highway Department informed the council by letter that its February allocation of motor fuel tax funds amounted to \$17,769.

Protestant Welfare Gives \$473 in Aid

Relief assistance of \$473 was

provided in February, it was reported at a meeting of the Protestant Welfare Association held at the Granite City Trust & Savings Bank Tuesday evening.

Roy Lynn, president, gave the devotions, and plans were made for the banquet April 25 at St. John United Church of Christ. Tickets for the event were distributed.

Rev. Eugene Lockrone of Belleville, a former local pastor, will be the speaker at the next meeting.

Fined on Dog Charges
Rae Callender, 2325 Delmar avenue, was fined \$50 plus \$5 costs for permitting an unlicensed dog to run loose and \$5 plus \$5 costs for failing to have a city dog license during a magistrate's court hearing Monday.

She also was charged with having a dangerous animal in compliance filed by Theodore Pritchett, assistant humane officer.

Tucker to Advise GC Steel Co. on Clean Air Control

Raymond R. Tucker has been retained as a consultant by the Granite City Steel Co. to advise the company concerning measures to be taken to meet air pollution control standards as they are established in the future.

Nicholas P. Veeder, chairman of the board and president, announced today.

Tucker, professor of urban affairs at Washington University and former mayor of St. Louis, was the city's first smoke commissioner and became a national authority on the control of air pollution.

He has served in the past as a consultant to other cities in air pollution matters, including Granite City. He received the Richard Mellon Award for his work on air pollution, and was one of six persons appointed recently to a federal task force on environmental health and related problems which is to make a report and recommendations by next June 1 to John W. Gardner, secretary of the Department of Health, Education and Welfare.

Veeder said Tucker's duties as a consultant would be to "supplement the efforts of our own engineering staff in evaluating what needs to be done and the most effective method of doing it. He will analyze problems and the progress being made to overcome them. Granite City Steel has already made considerable progress in applying the latest technology to the abatement of air pollution. We expect to make continued progress in the future."

Veeder pointed out that the "orange-colored smoke from the company's steelmaking furnaces, which has been far and away the major source of air pollution as far as Granite City Steel is concerned, will be virtually eliminated late in 1967 when we begin to operate a new basic oxygen furnace plant which has a \$3,500,000 system for cooling and cleaning the waste gases from the steelmaking process."

District PTA Names Scholarship Winner

Mrs. Frank Hanfield of Mitchell, director of District 29, Illinois Congress of Parents and Teachers, announced today that the winner of the 1967 Golden Jubilee Scholarship is Miss Donna Faye Hester of Wood River.

Renewal of scholarship of three past winners of the award also have been approved, and among the past winners is Miss Mary Jesse, a sophomore at the University of Illinois and daughter of Mr. and Mrs. Allen Jesse.

The winners were selected by a committee of educators and lay people who met Tuesday in Wood River. Reviewed were applicants from Madison, Jersey and Calhoun counties. The \$1000 scholarship is not repayable if the recipient teaches one semester in an Illinois public school for each \$250 received. Harold Briggs of Granite City, assistant county school superintendent, was on the selection committee.

Amvets Post 51 Plans Easter Egg Hunt

Amvets Post 51 completed plans last night for the traditional Easter Egg Hunt to be held at 2 p.m. Saturday at the Post Home, 5100 Lakeside drive.

Rex Manning, commander, announced that nomination and election of divisional officers will be held at 2 p.m. Sunday, April 2, when the local post entertains Amvets Fifth Division posts from 27 southern Illinois counties.

Plans for the April 19 visit by National Amvets Commander Leo Anderson of Washington, D. C., and members of his official staff were announced by Steve Konkovich, public relations director. Invitations to attend are now being extended to Cong. Melvin Price; State Sen. Paul Simon; Rep. Lloyd Harris; Rev. Ft. Joseph Filipek; and local national chaplains, and John "Raisin" Cain, Missouri Amvets state commander.

Price Proposes Bill To Aid Postal Workers

Postal employees would be given better job and salary classifications as a result of a bill Rep. Melvin Price (D) East St. Louis has introduced in the House of Representatives.

The bill, H.R. 7379, advances letter carriers and clerks in salary level 4 to level 5; advances mail handlers from level 3 to level 4; and gives a number of other smaller groups similar advancements.

Congressman Price's bill also provides full credit for pay purposes for actual time in the postal service and corrects inequities brought about by inadequate conversion programs.

Dow Diamonds
Install Officers

The Dow Diamonds of the Dow Chemical Co. met last night in the Gold Room of the Illinois Club in East St. Louis and installed the following officers for the coming season:

Mrs. Beverly Jones, president; Mrs. Alice Penton, vice-president; Mrs. Donna Sturdivant, treasurer; and Mrs. Marjorie Hanks, secretary.

Entertainment was provided by Mrs. Janet Lehan, wife of a Dow employee, who gave a pantomime of Judy Garland's "Born in a Trunk," and two comedy numbers.

Mrs. Nora Halvachs, held a jewelry auction after the program. The proceeds will be used to send boys to a Scout camp.

Mrs. Vernetta Sepmeyer is the retiring president.

GOP WOMEN'S LEAGUE MEETS

The Republican Women's Service League held a meeting last night in the home of the president, Mrs. Lily Chaboudie, 2865 Ralph street, to celebrate the anniversary of the chapter in both the state and national federation of Republican Women's clubs.

A report was made by Mrs. Peggy Dickey on a recent newly-formed League in Alton, and Mrs. Chaboudie discussed the recent organization of a Republican Women's League in East St. Louis.

A nominating committee was elected to select officers for the coming year. The members are Mrs. Ella Renollet, Mrs. Carol Meek and Mrs. Helen McNally. The election will take place in April. Mrs. Chaboudie will serve as a delegate to the National meeting of Republican Women in Washington in May, and plans were made to visit the Madison County Nursing Home in Edwardsville Saturday to present gifts to the residents there.

MRS. BARZOFF RETURNS FROM CALIFORNIA

Mrs. Margaret L. Barzoff, returned home by plane this week from California, where she spent five weeks visiting relatives, sightseeing and also enjoyed a deep-sea fishing excursion.

While at the west coast, Mrs. Barzoff, who operates Cut and Curl Beauty Salon, was the house guest of her brother-in-law and daughter, Mr. and Mrs. William (Margaret Ann) Oliver, and grandchildren, Jeffrey, Kelly Lynn and Susan, in Pleasant Hills, Calif., all are former local residents.

She also spent two weeks with her mother, Mrs. Beulah Butler, a life-long Quad-City resident prior to moving to National City, Calif., four years ago, and her brother-in-law and sister, Mr. and Mrs. Leonard Danner, also of National City. The latter is the former Miss Charlene Thomas of Madison.

AMVETS AUXILIARY PLANS DIVISION EVENT

Amvets Auxiliary, Post 51, met last night in the Post home with Mrs. Betty Wilkins, president, in charge.

Plans were made for an Easter egg hunt for children of the members at 2 o'clock Saturday afternoon on the grounds of the home. Final arrangements were also made for a meeting of Division Five, Amvets Auxiliary, here April 2, and two new members were welcomed. They were Mrs. Louise Couch and Mrs. Billy Beard.

The "white elephant" was won by Mrs. Jean Murphy and refreshments were served to 11 members.

AAUW PLANS TEA FOR SCHOLARSHIP FUND

The local chapter of the American Association of University Women will sponsor a benefit tea and book review for the Granite City Scholarship Fund at 2 p.m. Saturday, April 1, at St. Peter United Church of Christ.

The book, "Flying Saucers—Serious Business," by Frank Edgeward, will be given by Mrs. Virginia Hardy Richardson of Ladue who has given several previous book reports in this area.

RETURN FROM FLORIDA

Dr. and Mrs. G. E. Halvachs have just returned from Ft. Lauderdale, Fla., where they spent the past two weeks. While away Dr. Halvachs attended the post-graduate refresher course given by the University of Minnesota.

GUESTS FOR EASTER

Mr. and Mrs. Douglas Stokely and sons, Matthew, Jeffrey and John, and Charles Stokely, all of Chicago, will arrive in the city this evening to spend the Easter holidays with relatives.

LeRoy Tipton Dies: Retired RR Worker

LeRoy Tipton, 2465 Washington avenue, a retired railroadman, died at 6 a.m. Tuesday, at St. Elizabeth Hospital, where he had been under treatment for emphysema, complicated by pneumonia. He was hospitalized 11 days.

A native of Effingham, Ill., Mr. Tipton, about 72 years old, had lived in Granite City more than 16 years. Prior to retirement three years ago, he had been employed by Terminal Railroad. He was life-member of Almed Shrine Temple of East St. Louis and a member of the Tri-City Shrine Club and the International Brotherhood of Railroad Trainmen.

Mr. Tipton is survived by two sons-in-law and daughters, Mr. and Mrs. William L. (Patricia) Kovarik of Edwardsville and Navy Commander and Mrs. W. T. (Jane) Jahn of Virginia Beach, Va., and several grandchildren.

Funeral services were held today in Effingham, Ill.

Information Service For Sesquicentennial

Under a plan worked out with Illinois telephone companies, the Illinois commission has established "Info 68," an "informational service providing information on the Illinois sesquicentennial beginning next Dec. 4.

Info 68 offers any telephone subscriber the right to call the commission's Springfield office on a toll-free basis from anywhere in the state and get reports on anything they want to know about the year-long 150th birthday celebration.

"All you have to do," said Commission Chairman Ralph G. Newman, "is call or dial 1-800-252-9408 and Mrs. Evelyn McCree, a member of the commission staff at Springfield, will do her best to answer requests for information about sesquicentennial observances or related activities."

Madison Avenue Mishap

An auto driven by Jerry S. Maers, 811 Iowa street, Madison, struck the rear of another owned by a Robert Brinkley, no address listed, at 10 p.m. Wednesday as a pedestrian crossing light at 16th street and Madison avenue was changing.

Fence Knocked Down

Ina Mefford, 2730 Denver street, reported at 5:30 p.m. Wednesday that a pale green 1952 or 1953 auto knocked down about 10 feet of fence at her home the night before. She said she had heard a noise at 11:45 p.m. Tuesday.

Man Fined \$100, Costs
David H. Hileman, 31, of 1520 Twelfth street, Madison, was fined \$100 plus \$5 costs Wednesday in magistrate's court on a charge of leaving the scene of an accident.

MORE ABOUT Revamping

and a representative of the public.

The committee will submit purchase recommendations to the board this spring.

It was announced that by a vote of 18-1 with ten not voting, Building Service Employees Local 88 will represent secretarial and clerical personnel of the school district.

Excluded from the 37 asked to be five designated for duties incompatible with membership. The vote was conducted yesterday by Everett Speed of the Illinois Department of Labor.

Midwest to Study 2 Schools
It was noted that Granite City high school because of its summer school and Parkway grade school because of its non-graded program have been asked to submit details of their procedures to the Illinois Curriculum Committee.

The reports will be referred to the Educational Research Information Center and made available on microfilm to schools throughout the midwestern third of the U.S. interested in developing similar programs.

In other business, the board: Accepted art supply bids amounting to \$8532 from 12 companies and a bid of \$1608 from Hobart Welder & Equipment Co. on providing four welding machines and accepting two old welding machines as trade-ins.

Ordered a Niedringhaus grade school boiler leak repaired by the Minette Boiler Co. on April 7, when there will be no classes due to a county institute.

Approved an annual high school band tour to Galveston, Tex., and to Houston, Tex., where several school concerts will be presented. Costs will be borne by the Band Parents Association.

Authorized Harold Gebhardt, chemistry instructor, and three GCHS students to accept an invitation from the Iowa Science Engineering and Humanities Symposium April 13-15 at the University of Iowa. They were honored with selection by the university to participate.

Did You Ever Think of Getting Your Easter Bonnet From A&P?

We don't sell Easter bonnets but...
we suspect many an Easter hat
has been paid for with money saved by shopping A&P.

Are we implying that A&P has the lowest prices
on all items all the time?

No!

There is no store that can make that claim.

What we are saying is:

if you're interested in your total food bill,
if you're looking for the best values
for your food dollar, A&P is the store for you.

It's a little late for this year's Easter bonnet,
but start shopping A&P this week, anyway.

It won't be long before
somebody in the house will need a new pair of shoes.

Is this a good reason for shopping A&P? It's one of many.

Agreement on Air Pollution Compact Made, Criticized

A tentative air pollution control compact between Illinois and Missouri reached Monday was termed worthless by some Missouri officials but worthwhile by those in Illinois.

Under the proposal, Missouri and Illinois would maintain their own standards rather than give a bi-state commission the authority to set and enforce identical standards on both sides of the Mississippi River.

It became doubtful if amendments for conforming legislation introduced in both states would be drafted as planned because of the heated criticism of Missouri Gov. Hearnes, who said enforcement of controls would be impossible, and that it would be a waste of time to bother the legislature.

Illinois House Speaker Ralph T. Spill of Alton, who introduced the air pollution control bill in Springfield, said that while the measures taken may not be perfect, it is the best long range solution and the compact commission could bring the two sides together to work out any differences.

He added that the agreement is a positive step in solving the air pollution problem without federal intervention. Wording of legislation creating the commission must be the same in both

Steel Editor to Talk At Secretaries Dinner

Walter J. Campbell, editor of Steel, the metalworking weekly, will be guest speaker at the Secretaries Week dinner to be held by the Tri-Cities Chapter of the National Secretaries Association at 7 p.m. April 28 at the Gateway hotel, St. Louis. A cocktail session will start at 6:30 p.m.

Tickets at \$5 may be obtained by contacting Mrs. Joy Augsburger at A. O. Smith Corp. or Mrs. Faye Mercer at General Steel Industries. Mrs. Charles B. Vumovic is Secretaries Week chairman.

Mrs. Helen Gieselmann, chapter president, said the theme of the week is "Better Secretaries Mean, Better Business." During the week members of the chapter will take recommended secretarial students from local high schools into their office for a day.

States to obtain the approval of Congress.

The agreement also provides that federal representatives on a commission would vote only in case of a deadlock but would not attend meetings or participate in any other way. Missouri wanted a full-time federal representative permitted to break a tie.

The definition of air pollution also was changed, requiring a showing that it causes or contributes to effects detrimental to the welfare of the citizens. The earlier version required proof that it was injurious to residents.

West Granite Mrs. Charlene Sanders

ASSIGNED TO NEVADA

Mr. and Mrs. Harry V. Miller, 2123a Edison avenue, have received word from their son-in-law and daughter, Staff Sgt. and Mrs. Bill Buckingham, that they will be stationed at Las Vegas, Nev. Their address is 2837 Crawford street, North Las Vegas, Nev., 89030, and they would expect hearing from friends.

Sgt. Buckingham has been stationed in Japan for three years, and the family has just visited for a week at Fort Ord, Calif., with Mrs. Buckingham's sister, Mrs. Charles Herlein, and another sister, Miss Carol Miller, who journeyed there from Riverside, Calif.

Peter Chen four-year-old and Ruth Womack five-year-old, Sunbeams of Second Baptist Church met Sunday morning. Mrs. Betty Lewis, Sunbeam director, was in charge and the group cut and Easter items. Mrs. Lewis told a missionary story of Seminole Indians in Florida.

A game was played that is also played by Indian children. Refreshments were served to 25 with the assistance of Medesane Crown, Lupardus and Sanders.

GC Student to Attend Study Session in East

Karen Lurton, 1636 Venice avenue, is among 60 high school juniors and seniors from Christian churches of Missouri and Illinois who will participate in an international affairs seminar March 31-April 9 at the United Nations and Washington, D. C. The group will travel by chartered bus.

Participants will meet members of the UN secretariat, hear representatives of Israel and the United Arab Republic, visit Peace Corps volunteers and become more aware of international problems and their solutions.

In Washington they will sit in on congressional hearings, hear briefing by the State Department on Southeast Asia, meet congressmen and visit embassies.

The seminar requires participants to write a 2000-word research paper and share their experience in their classrooms and in the community. The local delegate is a member of Central Christian Church.

City's Workmen Policy Canceled, Too Many Claims

A meeting of representatives of Granite City insurance agencies with city officials is being arranged by Mayor Partney following disclosure at Monday night's city council meeting that the city's workmen's compensation policies have been cancelled.

Cancellation of insurance coverage of all city employees except members of the police and fire departments was announced by Alderman Rutledge, who just pointed out that the city would have to act immediately in securing new compensation insurance.

The city's compensation policy was held by the Miller-Wolf firm. The cancellation is effective April 22.

Notice of cancellation was sent to City Atty. Allen and failed to cite specific reasons. Mayor Partney contacted the firm Tuesday and was told the city has had too many claims. He said reference was made to the death of a school crossing guard and the injury of several others.

No Date Set
The mayor said a meeting with the city's insurance agents and city department head should help clear up the standard of working conditions that must be maintained to qualify for insurance coverage. No date has been set.

Alderman Sternberg remarked that loss of workmen's compensation or other insurance through cancellation "is an indication of working conditions that are just about as bad as they possibly can be."

A meeting with Operating Engineers Union representatives of employees of the new sewage treatment plant will be held soon to work out a contract of salaries and working conditions, Alderman Moerlein reported.

Will Work Out Schedule
Moerlein said that in discussions, union representatives have asked for a higher salary schedule for the chief operator who will be in charge of plant operations and assume greater responsibility.

The schedule will be worked out and submitted later to the council by its Pollution committee, of which Moerlein is chairman, and the Personnel committee headed by Alderman Earl Thompson.

Moerlein said the addition of another man at the plant will be necessary to provide sufficient help during the approaching vacation season.

W/O Reggie Weiser Gets Copter Pilot Wings

Reggie Weiser, 20, son of Mr. and Mrs. Lincoln Weiser, 116 Springfield avenue, Mitchell, has been commissioned a warrant officer W-1 and has received his wings as a pilot in the Army Aviation Helicopter Program.

Graduation and commissioning ceremonies, conducted last week at Fort Rucker, Alabama, were witnessed by his parents and sister, Miss Inga Weiser.

Presently home on a 30-day leave, W/O Weiser expects to be assigned in about two weeks to a new helicopter company, now being formed at Fort Riley, Kan.

A 1965 graduate of Granite City high school, he attended Northwestern Illinois University-Southwestern campus and was employed at McDonnell Aircraft Corp. for several months prior to enlisting 14 months ago.

Preparation of an application for a \$40,000 federal Urban Renewal grant in behalf of the City Planning Commission was authorized by the city council Monday night.

NINTH BIRTHDAY

Edward Kennerly, 3833 Lake street, celebrated his ninth birthday Sunday at a party given by his parents, Mr. and Mrs. Charles Kennerly.

Their basement was decorated in green and yellow. The group played games and held an Easter egg hunt, with prizes awarded.

Refreshments were served by Janet Towerty, Vicki Paterson and Marsha Ren. The honoree received many gifts.

Those present included Joe Adams, Scott Paterson, James Bledsoe, Mike Ren, John Hand, Randy Ren, Roger McDonald, Steve Mikolaszuk, Kathy Morris and Debbie Harvey.

CHURCH YOUTH RALLY

An area youth rally was held Sunday afternoon at the Pontoon Beach Church of Christ, with 151 attending from churches at Wood River, Bethalto, Belleville, Edwardsville, Glenview, Lansdowne.

\$125,517 Federal Grant Awarded for County Head Start

(Special from Washington)

Federal funds amounting to \$125,517 have been approved for the 1967 "Project Head Start" summer program in Madison county. It was announced this week in Washington, D. C., by U. S. Congressman Melvin Price (D) East St. Louis.

The amount authorized is to be matched by a non-federal share totaling \$36,360. This year's appropriation for the seven-week Head Start program is \$748 less than the county's 1966 allocation.

The federal grant, awarded to the Madison County Economic Opportunity Commission and administered through the county superintendent of schools, calls for participation in the 1967 summer program of 899 youngsters in a total of 54 classes.

The appropriation also includes salaries for 72 professional per-

sonnel, including teachers, nurses and program supervisors and 55 resident personnel, or teachers' aides, who are recruited from various communities engaged in the program.

More than 370 volunteers also will be sought to assist with the project which is geared to help underprivileged school-age children prepare to enter kindergarten next September.

Raymond Ready, administrative assistant for the Alton school system, who has been designated county director for Project Head Start for the third consecutive year, said yesterday that he hopes the pre-school training program can get under way by June 19. "Just exactly when we can begin will be determined by the date set for the teacher orientation program," he pointed out.

Prior to teaching in Project Head Start, faculty members are required to undergo special courses at a university designated by federal authorities as an area-wide instruction center. Last year, local teachers were

compelled to attend the one-week course on three days notice at Purdue University, Ind.

Ready said that earlier this year he had requested federal authorities that Madison county teachers be permitted to take the instruction at Southern Illinois University, Carbondale. He reported that so far no date or location have been announced for this year's orientation program.

Mrs. Sandra Logan and Mrs. Luan Briner were announced as new mothers for Pack 122. Refreshments were served by Den Five and Six and the Webelos den.

Bar Files Petition To Oust Bartylak From Local Courts

A petition seeking to suspend former State's Atty. Joseph R. Bartylak from the practice of law in the Madison county circuit court was filed with the court Tuesday by the grievance and ethics committee of the Madison County Bar Association.

The action followed by one day the announcement that Bartylak was indicted on 18 counts of theft of public funds and one count of official misconduct while he was in office. He resigned the post last Jan. 1, giving illness as the reason.

Bartylak was due for arraignment today before Circuit Judge James O. Monroe. The former official is at liberty on \$30,000 recognizance bond pending a trial.

The petition of the bar cities nine counts of converting to his own use public funds and funds of clients in private estate cases, in addition to failing to keep accurate or sufficient records as state's attorney.

All Funds Repaid

It was believed that the total amount involved was in excess of \$45,000 in county and estate funds. Individual amounts in the 16 theft counts range from \$200 to \$136,305. All of the money has been repaid, officials have acknowledged.

Two special prosecutors were appointed by Judge Monroe to direct the investigation at the request of State's Atty. Leon Scroggins, who succeeded Bartylak.

The case also is being investigated by the Illinois Bar Association with an aim to disbarment proceedings in the Illinois Supreme Court.

Members of the county bar committee named in the petition are John B. Copping, chairman, Thomas W. Holland, David L. Simpson, Richard Allen, James K. Altmeier and Donald C. Rikli, president.

Purse Taken from Home

A purse belonging to Mrs. Frank Derner, 901 Washington avenue, Madison, was stolen from the kitchen table, she reported to police Monday. Mrs. Derner said she and her husband heard a noise, and called out, and two youths were seen to leap from the back porch and flee. The house was entered through the kitchen door.

National Wildlife Week Observance this Week

William T. Lodge, director of the Illinois Department of Conservation, said the department is joining with the National Wildlife Federation and the Illinois Federation of Sportsmen's Clubs in this week's observance of National Wildlife Week.

"This is Your Land" is the theme of the week and it assumes a special significance to residents of our heavily populated state," Lodge said.

"We do not have enough public recreation land to meet the needs of our population now and we are hard pressed for funds to acquire more land for future needs. Lack of open public land is the most urgent challenge facing Illinois in the field of outdoor recreation today."

"We can use hindsight and blame our problems on our forefathers," Lodge said. "But this doesn't solve the problem. If we don't hurry to meet our future needs while we still can, our grandchildren will blame their grandparents for the lack of public lands—and by that time no land will be available."

Dividends, Interest Should be Reported

Dividend and interest income should be listed in the space provided on page 2 of Form 1040.

"The gross amount of dividends and other distributions received must be listed on your return," Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, said today.

He said Illinois taxpayers can generally exclude the first \$100 of dividends received; the balance is subject to tax. The so-called "dividends" on savings and loan and credit union accounts are actually interest which is fully taxable, regardless of amount, and must be included on the tax return.

Interest on state and municipal bonds is exempt from federal income tax.

Need for Better Cars by Other City Depts. Is Ignored

Six new fully-equipped police cars were purchased by the Granite City council Monday night under a low bid price of \$22,500, submitted by Matthews Chevrolet.

The council rejected suggestions by several aldermen and Mayor Partney that the city keep several of the present police cars to be used by city departments now badly in need of better vehicles than they have. Alderman Whitmer, Police committee chairman, said one other bid was submitted by B. E. Hohlt Co. in the amount of \$12,213. Both bids included credit for trade-ins.

Police Chief Vizeer told the council his department is particularly in need of an unmarked car to be used in picking up juveniles. He said the juvenile department is reluctant to pick up youngsters at schools or other public places with a marked squad car. He said the same car also could be used by the traffic division which also is in need of a vehicle.

Need Better Cars Mayor Partney said he "long ago condemned" the car driven by the city building inspector and that one of the trade-in cars could be used to good advantage. The council decided against the suggestions, when Whitmer explained the favorable trade-in figure.

On Whitmer's motion the council, also voted to pay expenses of two members of the Board of Police and Fire Commissioners and Chief Vizeer to attend a convention in Springfield, March 31 and April 1. Whitmer said all expenses would be itemized for council approval.

The council confirmed an appointment by Mayor Partney of Mrs. Nadine Harrison as secretary of the police department at a salary of \$26 per month, and the appointment of Peter J. Handelson, 2804 Forest avenue, as a patrolman. Whitmer said Handelson's name was submitted from the examination list of the commissioners. He will fill a vacancy.

Questions Announced for GC School Candidates March 28

Granite City school board candidates will be asked to discuss three topics at the public forum scheduled for 7:30 p.m. Tuesday, March 28, in the Coolidge Junior high school cafeteria.

The three sponsoring groups—Granite City Area Council of Parent-Teacher Associations, Tri-Cities Chamber of Commerce and Quad-Cities Ministerial Association—point out that school policies involve three major as-

pects: an effective instructional program, sound business procedures and broad public understanding and support.

Each candidate will be asked to give his opinions on the three fields:

Hiring, Buying Policies
1. "Steps or actions, if any, which you deem necessary to maintain and/or improve the effectiveness of the instructional program. (Include your opinion on methods for hiring, leading and inspiring school employees.)"

2. "Ways in which efficient school business procedures can be maintained and/or improved. (Bidding, budgeting, accounting, salary determination, etc.)"

3. "Ways of encouraging public support and understanding of school policies and programs. (Relationship between the board and administration, board and school personnel, board and public.)"

Attorney Leo H. Konzen will serve as moderator of the forum, which is being held for the second successive year.

Goal is to increase local residents' knowledge of those seeking election to the community unit school district board. Free refreshments will be served during an informal social period following the speaking program. Voters and candidates will have an opportunity to become better acquainted dur-

Cigarette Machine Stolen

A cigarette vending machine was stolen from Helen's Kitchen, 1000 Calhoun street, Venice, late Monday night or early Tuesday, Helen King, operator, reported. Police said a lock was broken off a rear door and tire marks indicated a small truck had been pulled close to the building. The proprietor said the machine had not been in use recently and there was no money in it.

ing this time, but there is to be no direct solicitation of votes.

6 Defendants Arraigned On Felony Indictments

Six defendants involved in armed crimes who were indicted recently pleaded not guilty during arraignments conducted Monday by Circuit Judge James O. Morris at Edwardsville. They are: Willie Henderson, 18, and Fred Henry, 23, both of East St. Louis, and David George Lay, 26, of St. Louis, charged in the \$154 holdup and beating of Mrs. Mildred Jennie of the Venice Gas & Oil Co. on Feb. 10.

City to Apply for \$40,000 Urban Renewal Fund Grant

The council approved a motion funds will be available for such by Alderman Rutledge, chair grants until next year, but that man of the Zoning and Planning it was decided to go ahead with committee, to pay \$1200 to Har- preparation of the application land Bartholomew & Associates, for early filing. engineering firm, for preparation A number of projects involving of the grant application. land clearance, particularly for Rutledge pointed out that the parking areas in the downtown area and adjoining vicinity could

be undertaken with federal Urban Renewal funds; Rutledge said, noting that a comprehensive plan must be available before grants of federal tax funds can be sought for specific projects.

Whitmer Votes No
The motion to proceed with the plan and to pay for preparation of the application carried 14 to one, with Alderman Whitmer voting against it.

Also on motion of Alderman Rutledge the council approved a petition of Dr. Gerard M. Baggot for a special use permit to establish medical offices at 3408-3410 Nameoki road, and voted to refund \$15 which he paid as a filing fee to submit his petition. Rutledge pointed out that Dr. Baggot was denied a previous plea for a use permit and that he had paid a second filing fee for the petition acted upon Monday night.

Residents adjoining the Nameoki road property had protested the installation of a parking lot, but the objectors since have moved and there are no current objections, Rutledge said.

Dr. Baggot's first plea for a use permit was approved by the Board of Appeals, but was rejected by the city council because of the objections.

Petition of Dr. Emil Strotheide, chiropractor, for a special use permit to establish offices at 3412 Nameoki road, was referred to the zoning commission.

Three variation requests recommended for approval by the Board of Appeals were accepted by the council. They included:

John Breyer, 2268 East 27th street, variation from side property line for construction of a carport and storage shed in an R-3 residential district; Walter L. Wise, 2777 Dale avenue, variation for attached garage in R-2 single family district; Matt Himberger, 3140 Aubrey avenue, variation for an attached garage in R-2 zone.

A petition by Billy F. Moss, Collinsville, to build a house at the rear of 2401 East 24th street, also was approved on recommendation.

McKinley Bridge Crash
Two cars were damaged at 3:25 p.m. Monday on McKinley Bridge west of the superstructure. Venice police said the cars were being driven east by Joseph Herndon of Alton and Curtis Winston of St. Louis; and when Herndon stopped for a train, his car was struck from the rear.

Come to Church for Easter Services

Good Shepherd Evangelical United Brethren Church
305 National avenue
Rev. Phillip Burke Jr., minister
The Youth Fellowship of the church have planned and will direct the Easter sunrise service at 6 o'clock at the church. Based upon thoughts of the early witnesses to the resurrection, the youth will portray those persons who were first to see and understand this central feature of the present Christian faith.

The regular Sunday morning service will be at 10:40.
The annual Easter egg hunt for the children of the church will be held on the church lawn Saturday at 9 a.m. The "hunt" is directed by the youth and their advisors, and is for the church and Sunday school. Prizes will be given. The young people will meet Friday at 6:30 to color the eggs.

Concordia Lutheran Church
23rd and Grand avenue
Rev. Arvin Twietmeyer, minister
Concordia Lutheran Church will observe the Resurrection of its Lord at its special service Easter morning at 10:15. The organist, Ronald Prologer, will lead the congregation in worship.

There will be a Tenebrae service which is marked by the gradual darkening of the church as the congregation proceeds through the worship at 7:30 p.m. on Good Friday.

The pastor and Vicar John Harwitz will be in charge of the worship.

St. Margaret Mary Catholic Church
1800 St. Clair avenue
Rev. A. J. Schwellenbach, pastor

Good Friday will be observed March 24 (day of strict Fast for all over 21, and Abstinence for all over 14 years of age). There will be no morning Mass or Service. At 7:30 p.m. Good Friday Liturgy and Communion followed by confessions.

On Holy Saturday, no morning Mass or Service, confessions at 9:30 to 10:30 a.m. and from 3 to 5 p.m. Easter Vigil Service, Mass and Communion at 7:30 p.m. and on Easter Sunday Masses at 6:45, Solemn Mass of Resurrection will be sung by the male choir under the direction of Phil Spence.

First Baptist Church
21st and Delmar avenue
Rev. Harold Maze, minister

The sermon topic by the pastor Easter morning will be "He Is Risen." The Sunday school, with Lester Hudson, superintendent, will meet at 9:30. At the morning service the Adult Choir will sing the anthem "Easter Day" by Butler, and Mrs. Mayme Schaeffer will sing "In The End of the Sabbath" by Oley Speaks.

At 6:30 p.m. the Training Union will meet under the direction of Charles Nelson, and at 7:30 p.m. the members of the Dicky Choir, directed by Mrs. Jewel Everett, will sing "The Sower and the Seed" by Robert Graham. Mrs. Betty Lou Hiles and Mrs. Schaeffer will be accompanists.

St. John Lutheran Church
St. Clair at Dale avenue
Rev. Samuel Boda, minister
On Easter morning, members of the congregation will welcome the rising sun with the celebration of the Lord's resurrection at the annual 6 o'clock sunrise service at Wilson Park sponsored by the Lutheran Bureau.

Leading the congregation in song will be John T. Severins, a member of the congregation, trumpeter, and leader of a brass ensemble.
At 9:15 a.m. the Sunday school and Bible classes will meet. The festival Easter worship service will be at 10:30 a.m. The Senior Choir will sing the Easter procession hymn and will culminate the celebration with a rendition of Handel's "Hallelujah Chorus" from The Messiah.

Baptisms will be held and the pastor will deliver the Easter proclamation of the resurrection.
St. John United Church of Christ
2901 N. Broadway
Rev. Paul Surbey, minister
All three triumphal Easter services will begin with the organist, Mrs. Isabel Schmidt, playing "Easter Morn on Mt. Ridenour," by Gaul, and "The Joy of the Resurrection" by Dicky. The Chancel Choir will sing two anthems, "Christ Is Risen" by Hirsch, and "Great and Glorious" by Haydn.

The pastor will deliver the Easter message: "The Take-Home Aspects of Easter." The Sacrament of Holy Communion will be celebrated at all three services at 9 and 10 a.m. and at 7:30 p.m. The members of the confirmation class of 1967 will receive their first communion at the 10:30 service.

The ladies of the Altar Guild will have the huge cross decorated with lilies. The members are invited to loan their lilies for this special occasion.

Central Christian Church
2620 Johnson road
Rev. James E. Crawford, minister

The Christian Youth Fellowship will hold a sunrise service on Easter Sunday at a nearby park. Church school will convene at 9 a.m. and a special offering will be received for the World Mission of the church in each of the classes.

On this, the first Easter since the completion of the new sanctuary, there will be one great worship service at 10:45 a.m. Mrs. Joseph Hanson will sing "He Was Despoiled" from Handel's Messiah, accompanied at the organ by Mrs. Vori Lewis, and the Sanctuary Choir will sing "Since By Man Came Death" from The Messiah. The message by the pastor will be on "Commitment Confirmed."

Trinity Methodist Church
East 25th and Henry streets
Rev. Clair Clark, minister
The church will participate with other churches in the annual Community Good Friday services at Niedringhaus Memorial Methodist Church from noon until 3 p.m.

State Bill Would Replace Initial Election of Judges With Selection

By MYRTLEA BENWARE

University of Illinois Student

As the Judicial article in the Illinois State Constitution begins its fourth year in operation, an important revision has come before the 75th General Assembly.

House Bill No. 3, filed by Rep. Lawrence Paster (R, Melrose Park), proposes a non-partisan selection commission for the appointment of judges.

Including Supreme, Appellate and Circuit Court Judges, the new bill would eliminate election along political lines.

As the article now stands, each candidate's name is put in the party ticket where a vacancy occurs because of death or retirement of the presiding judge. A judge already in office simply runs "on his record" and is retained by a Yes-No vote, without opposition. If a judge is voted out of office, the vacancy stands until the next general election.

The proposed commission, to be administered by the Supreme Court, would nominate and submit the names of three persons to the governor for final selection. Persons nominated would be required to have no party affiliation, directly or indirectly.

Commission Membership
The bill proposes separate selection commissions, one for the Supreme and Appellate Courts, and one for each Circuit Court district.

The first, the Appellate Judicial Commission, would consist of 11 members: the chief justice of the Supreme Court; a chairman, one member of the Illinois Bar Association elected from each Appellate district; one citizen, not a member of the bar, to be appointed from each Appellate district by the governor. Not more than three of the five persons appointed by the governor are to be members of the same political party.

The Circuit Judicial Commissions, one in each district, would consist of five members: the chief judge of the circuit as chairman; two members elected from the Illinois Bar Association; and two members, not of the same political party, appointed by the governor.

Governor's power permeates the proposed plan. He would select five of the 11 members of the appellate commission and two of the five members of each circuit commission. Further, the final list of nominees from a list of three nominees and their qualifications, is the sole duty of the governor.

"No matter how good a governor is," says Secretary of State Paul Powell, "he still has party affiliation. No governor should be given this much power."

Political Aspirants
Rubin Cohn, University of Illinois law professor, supports a non-partisan commission. "Elec-

tion of judges gives preferential treatment to those active in politics," says Cohn.

"A selection commission would fully investigate the qualifications of a potential appointee, and in this way be assured of his capabilities. The governor then has three top candidates to choose from."

"This system will also retain judges on a Yes-No vote," says Cohn, "which, essentially, gives each judge unlimited tenure. However, if each candidate is carefully screened the retention of judges will be an asset."

Creel Douglas, chief judge of the Seventh Circuit, is "afraid of selection commissions."

Judge Needs Common Sense
"A man may have a beautiful record, on paper," says Douglas, "but a judge must also have good common sense when he's up there on the bench. The people should have the chance to select whom they want, originally, and then decide on his 'record.'"

"Admittedly, this is not the best system, as the candidate is nominated by political convention. But, we can be no more sure that a man selected solely on his credentials."

"There certainly is more patronage in the election system than in the selection system," says John W. Freels, administrator of the Illinois courts. "It is working 'very smoothly.'"

"This new system has been the unifying influence which the court has been lacking since Chicago started its rapid urban growth," Judge John S. Boyle, chief judge of the Circuit Court of Cook county says.

Behind the Scenes
"We had been laboring under an increasing backlog of personal injury cases, putting us more than eight years behind schedule in January 1966. We have now cut that backlog to less than five years, and in the next two years we are hoping there will no longer be a backlog."

The revamping of the judicial system of Illinois has certainly brought many benefits. But the question that still plagues many legislators and lawyers is how effectively the system for selecting judges has been set up.

Judges already in office have little to worry about. Those elected since 1960, however, face a question that still plagues many legislators and lawyers is how effectively the system for selecting judges has been set up.

And, those who abhor political judges may push hard for quality judges rather than hand-picked party candidates. Further, the final list of nominees from a list of three nominees and their qualifications, is the sole duty of the governor.

Political Aspirants
Rubin Cohn, University of Illinois law professor, supports a non-partisan commission. "Elec-

Hospital Expansion Program

Off to An Enthusiastic Start

Enthusiasm is an essential ingredient of any endeavor, and it is the one word that most typifies the St. Elizabeth Hospital expansion program kick-off drive held here last week.

As various divisions announced goals and progress toward them, a contagious spirit of dedication and confidence swept the gathering of over 700.

The "over the top" report by hospital employees set a high challenge for all, and the \$500,000-plus initial tally of pledges gave the campaign a tremendous forward surge.

Despite the fine start, success of the effort hinges directly on the extent to which each local facility, organization and business recognizes the need to participate directly in providing the kind of local hospital facilities required by population growth.

As a public but non-taxing institution efficiently meeting the hospital requirements of the community, St. Elizabeth Hospital needs and deserves the active support of all Quad-Cityans in a program to provide enlarged and improved facilities.

Spring Bringing Easter, Passover

The return of the Easter and Passover seasons has brought more cheerful than usual this year with the beginning of spring.

This is appropriate because, just as spring

Current state legislation introduced to Quad-Cityans:

S. 537—Provides that a person convicted of keeping a gambling place shall not be reissued any license, permit or certificate issued by the state or any subdivision (law now bans such issuance for one year after the conviction).

S. 538—Provides that when liquor license application is filed the applicant shall file triplicate sets of his fingerprints.

S. 561—Provides additional conditions for filing, in criminal cases, motions to suppress evidence, motions to suppress evidence, motions to suppress evidence, motions to suppress evidence.

S. 562—Provides that a person convicted of keeping a gambling place shall not be reissued any license, permit or certificate issued by the state or any subdivision (law now bans such issuance for one year after the conviction).

S. 563—Allows 20 peremptory jury challenges in capital cases to a defendant's attorney alone in cases where prison confinement is possible; and five challenges in other cases. In single defendant cases more than one defendant, each to be allowed 12 challenges in capital cases, six in imprisonment cases, and three in all other cases.

S. 564—Adds to present provisions defining as witness tampering offering or delivery of money or other thing of value to a witness or a relative of a witness.

S. 567-568—Eliminate free passes to horse racing meets. House Bill 687—Appropriates \$75,000 to the State of Illinois of U. S. Senator Everett M. Dirksen.

688-691. Define pinball, bagatelle and pigeonhole games as gambling devices. Define devices as including any paper produced by operating a chance-making device which creates a right to a value in prize or other thing of value. Mandatory order of conviction of certain gambling offenses; increased penalties for certain offenses; deletion of provisions relating to the manufacture of devices for transportation outside Illinois, when such transportation is not banned, shall not constitute the basis for gambling conviction; deletion of provisions relating to syndicated gambling.

Detaining Devices

brings rebirth and renewal. Easter symbolizes the triumph of life over death. For those of the Jewish faith, the Passover is the "festival of freedom," marking the exodus from Egypt and the start of their historic life.

The two holidays differ in their meaning but have been closely linked on the calendar because Jesus' death occurred upon the day of the Feast of Passover. Observance of Easter varies from March 22 to April 25, depending on the time of the full moon and the spring equinox (when the sun crosses the equator into the northern hemisphere); this is the earliest Easter has occurred since 1951, and the holiday will be observed only twice more in this century, 1978 and 1989.

The religious observances are a timely reminder to Quad-Cityans of God's manifest wisdom. His master plan, the "birth of life from death," is best understood in the early spring, when the "stirring earth is scrubbed and scoured, fresh clean with rain."

Holiday Headlights Reducing Fatalities

"Light up and live" is the slogan of the traffic safety campaign planned for 6 p.m. tomorrow through Sunday night, and this is the first time the idea has been applied to Easter travel. It involves motorists operating their headlights during daylight as well as darkness.

Although visibility is aided during the early morning and evening hours, principal gain may be the constant reminder to drivers that they are encountering hazards and must remain alert if the passengers and other travelers are to arrive safely.

Employed Last Labor Day, Thanksgiving Day, Christmas and New Year's, the "light up and live" observance was accompanied by a 34% drop in Illinois traffic deaths and a 16% reduction nationally. Whether this is cause and effect or mere coincidence, the record argues eloquently for the experiment to be continued.

H. 726—Permits school districts to provide bus transportation for students attending activities sponsored by the private schools. Full cost to be charged, including a reasonable fee for depreciation of vehicles.

H. 731—Bans Illinois residents from engaging elsewhere in any public practice of discrimination on the basis of race, color or religion in the insurance industry.

H. 704—Election through petition of 10% of the voters to determine whether water service district trustees shall be elected rather than appointed.

H. 706-707—Permit sanitary districts to inspect the drainage lines of any person or municipality desiring to connect to the district's sewer system and to collect a reasonable charge for the inspection service.

H. 732—Requires schools built between Jan. 1, 1965, and July 1, 1967, to have a fire alarm and registered architect or building engineer 10 years after completion of the building by the school board.

H. 734-735—Permits sanitary districts to annex contiguous territory served by it or by a city with a sewer system and served by the district, through passage of an ordinance by the board.

H. 740—Permits required notices relative to mergers and consolidations to be made by publication, in some instances.

H. 741—Misdemeanor to possess any blank motor vehicle license or permit.

H. 743—Licensing requirements for sale, purchase and possession of pistols and revolvers. Application for license must include proof of insurance and a statement of the applicant's financial condition.

H. 745—Authorizes insurance director to examine a number of factors in an insurance company, including its financial condition, its assets and liabilities, its management and its operations.

H. 746—"Assign risk" program for fire and lightning insurance.

H. 747-748—Permit counties to contract with township to furnish police protection outside of the municipality.

H. 753—Bans a school board from restricting a teacher board from the courage to live up to his oath of office and only asked the city council to do what the laws of the state provide.

H. 754—Permits a child reaching age of 16 during a school year to end his enrollment upon written request by parents or guardian.

Teacher Dismissal
H. 757—Provides that dismissal or removal of a teacher does not, under certain conditions, become effective until a hearing is held by a disinterested officer appointed and paid by the state.

Fluoride, Less Food Consumption Help People Achieve Healthy Teeth

(American Chemical Society)

What attacks 98% of all Americans and causes them \$2.7 billion worth of damage every year?

Tooth decay. Dr. Robert S. Harris, a nutritional biochemist at the Massachusetts Institute of Technology, has just reported on the relationship between food and dental decay. "People who are hungry generally have very little dental decay, and those who are well fed generally do have dental decay."

Dr. Harris added, "In fact, it looks as if dental decay is a deficiency disease, rather than a deficiency disease."

A relationship between restricted diets and healthy teeth is indicated by research on rats at MIT. The findings may be unfortunate, in a way, said Dr. Harris, because very few people would like to go hungry in order to have good teeth.

To understand the MIT research, we have to know about the structure of a tooth. The outside is made of enamel. Underneath the enamel is dentin, which is similar to enamel, but softer.

Two Types of Fat in Teeth
Storage fat is the fat which is important to Dr. Harris' research, is a small quantity of fat. Two kinds of fat are present in the body, and in teeth, storage fat and lipid, which are necessary to the body's processes, or metabolism.

Storage fat is the fat which we get on diets. Storage fat and lipid fat together amount to only two-tenths of one percent of the weight of a tooth. Only because of recent progress in chemical instrumentation have scientists been able to study the small amounts of fat in teeth.

Dr. Harris and his co-workers are asking the question: What happens to teeth when an animal is partially starved? One group of animals was allowed to eat as much as it wanted, and the second group was given 65% as

much. At the end of three weeks the scientists found that, in the second group, the storage fat had completely disappeared and the metabolically active lipid fat had increased by 40%.

"By partial starvation, we were able to make the tooth more alive," said Dr. Harris.

Earlier research has shown that animals on restricted diets live about 30% longer, have less disease and have an easier time surviving. Apparently this is true for teeth, too. The MIT group asked a second question: What happens when animals are fed a kind of diet that is known to cause tooth decay?

Cavities Eliminated
They found that animals on the 65% diet had a 90% reduction in dental decay. In spite of the fact that their food tended to cause decay, the hungry animals had no cavities.

Because man doesn't want to be hungry, some other solution must be found to reduce tooth decay in man.

Fluoridation of drinking water, careful brushing, cutting down on sugar consumption all help prevent cavity formation.

The phosphates in whole wheat flour also act as tooth decay preventives. The MIT group found they discovered this while trying to determine why people in New England have twice as many cavities as people in Texas.

Whole Wheat Recommended
They were searching for a way to decrease cavity formation in milk produced in New England, and they found accidentally a tooth decay preventive in whole wheat. The refining of wheat removes about 80% of the phosphates.

The obvious answer is to get people to eat more whole wheat bread.

But because people's habits are difficult to change, the MIT scientists are developing phosphates to be used as food additives.

Legal Help Available to Poor

(TRI-CITY AND ILLINOIS BAR ASSOCIATIONS)

Attorneys have always considered the rendering of legal service to persons unable to pay for them to be a primary responsibility of those admitted to the legal profession.

Local bar associations in Illinois, with the assistance and encouragement of the Illinois State Bar Association, have created legal aid societies which help attorneys to help the poor solve their legal problems.

Many attorneys serve the poor on a voluntary basis in addition to the public service offered by the organized bar.

Equal Justice Goal
This legal help is rendered because attorneys recognize that unless all men, whether rich or poor, can secure the services of qualified and well-trained attorneys that the rule of "equal justice under law" will never be a reality.

Free legal assistance is available in civil as well as criminal cases. When a person has been poor,

charged with a serious crime, judges are required to appoint a lawyer to defend him if the defendant does not waive his right to counsel.

Legal Aid Program
Recently, the federal government has provided funds for the creation of new legal aid programs in places where none previously existed, and for an increase in the amount of legal services rendered by already existing legal aid offices.

These funds have been made available through the Legal Services Program of the "War on Poverty" and it has become one of the most successful battles of that war.

The Legal Services Program has received the approval of the American, Illinois and other bar associations.

The organized bar supports this program because it recognizes that no matter how much has been done in the past on a voluntary basis, much more can be done if money can be made available to adequately compensate the attorneys serving the

This column of questions and answers on federal income tax is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q—I think I'm liable for self-employment tax. Which form do I use?

A—Use Schedule C-3 to report this tax. Any tax due should be entered on your Form 1040, line 1, page 1, and paid with your income tax.

Copies of Schedule C-3 may be obtained from local IRS offices as well as some post offices and banks.

Q—I got married this January. Can I file a joint return with my wife for 1966?

A—For tax purposes, your marital status is determined by whether you must file a joint return on the last day of the taxable year for which the return is filed. From the information you provide, you must file a separate return, since you were not married until after the close of your 1966 tax year.

Deductions for Education
Q—I heard a lot about changes in educational deductions last year. Can I still deduct courses required by an employer?

A—Yes, you can if the course is required by your employer to maintain your present job. The cost of educational courses may also be deducted if the course is taken primarily to maintain or improve the skills required on your present job.

Q—Our baby had a bad skin rash last year and the doctor advised us to use a diaper service instead of doing them at home. Is the cost of the service a medical expense?

A—No. This is not a deductible medical expense.

Q—I have some income from my

the sale of a home to report. Where should I list this on my 1040?

A—Gains or losses from property sales should be reported on Schedule D, and then entered on Page 2 of the Form 1040. Section 5, Part II, Copies of Schedules D may be obtained from local IRS offices as well as some banks and post offices.

Identify Tax Payment
Q—We heard that you should identify your payments of tax to IRS to make sure they are credited to your account. How do you do this?

A—To identify your tax payment, your Social Security number on the check or money order. If the payment is in response to a notice of payment due, please enclose the notice with your payment.

Q—My husband is married in Vietnam with the Marines. What do we do about our 1966 tax return?

A—Military personnel on active duty in a combat zone do not have to file tax returns while in the zone. You may file a return for 1966 tax year, but you must file a return for 1966 tax year.

Q—Do I have to report the interest on savings bonds I bought for my son?

A—It depends on how the bonds are registered. If the child is listed as co-owner on the bond, the interest is taxable to the child.

Q—If the child is the sole owner, with the parent as beneficiary, the child assumes the tax liability.

Q—I have some income from my

ALDERMAN BACKS UNIONS

To the Editor:

It has come to my attention that the Tri-City Trades Council accepted a recommendation from their Legislative Committee that did not include the endorsement of Alderman Charles W. Moerlein.

Apparently Alderman Moerlein's record as an alderman and a union officer was disregarded. I have known Mr. Moerlein as a union man for years and he has always been on the side of the union man.

In the Union Strike, Alderman Moerlein has helped and passed the anti-strikebreaker ordinance. When a station programed a discussion of the strike, Alderman Moerlein was selected from the union members of the city council to tell the union side of the issue, and we think he did a magnificent job.

In the restricting of the wards, Alderman Moerlein had the courage to live up to his oath of office and only asked the city council to do what the laws of the state provide.

Is it wrong to be honest and law abiding? I don't think so. We need more honest and courageous men like Alderman Moerlein as city officials.

Let's put him back on the city council April 4.

More Summer Jobs Here this Year through Youth Corps

An increased number of summer jobs to be made available through the Neighborhood Youth Corps, establishment of a recreational training program for Madison youth and reports from the Tri-Cities Legal Aid Services office were among the items discussed Monday evening at a meeting of the Madison County Economic Opportunity Commission.

Maurice S. Harris, county EOC director, told commission members that an additional 250 "work slots" will be available this summer, providing job opportunities to in-school youths in Madison and St. Clair counties, through the bi-county Neighborhood Youth Corps program.

Walter Robinson, bi-county NYC director said, 850 youths currently are enrolled in the NYC's "in-and-out-of-school" programs administered with funds from the Department of Labor.

He pointed out the opportunity to increase the number by 250 additional youths will raise the total bi-county appropriation being spent in the program to approximately \$1,300,000.

100 at Army Depot
More than 100 youths enrolled in the out-of-school NYC program are employed at the Granite City Army Depot, including 75 from the Quad-City area. An additional 100 are in jobs at Scott Air Force Base, while nearly 600 Madison and St. Clair boys and girls who are attending school regularly, are employed at after-school and Saturday jobs in the NYC "in-school" program.

Harris reported to commissioners that negotiations are under way with representatives of Southern Illinois University-Southwestern campus and officials of the Madison school district to initiate a training series for "in-school" youths, who will be employed as summer recreation aides.

The director said those trained in the program, which also is funded from the Department of Labor's NYC appropriation, will be hired as playground supervisors, ball-diamond personnel and recreation leaders in the Madison summer recreation program. He added that young people will work under the supervision of volunteer adult leaders.

Legal Aid Service
Clayton Williams, director of the Madison county EOC Legal Aid Services, reported that during the month ending Feb. 28, a total of 22 applications for legal assistance were received by the Tri-Cities Legal Aid office in Venice. He said five of the cases have been filed for court action.

Williams explained that a overwhelming majority of the in-

dependent persons seeking assistance, involved active on family problems. He said the Legal Services offices in Alton had received 27 applications for aid, while the Edwardsville office staff had 20 applications filed with them.

The project director paid special tribute to private attorneys in the area who have referred persons to the Legal Aid Service and for assistance provided by the state's attorney's office.

Harris also reported to the commission that establishment of the county's neighborhood service centers program appears to be nearing reality. He said the application for \$37,700 has been completed and the proposal is now awaiting confirmation by the OEO regional office in Chicago, with action expected by April 1.

In response to questions on day care centers for Madison county, the directors pointed out that EOC officials may be permitted to implement a demonstration or pilot project next fall. He explained that conflict with the summer "Head Start" program prohibits such a project being funded prior to September.

Previously, the county anti-poverty group's application for a day care center program had been turned down by federal authorities.

"Foster Grandparent" Program
Harris said a good chance exists for the county agency to start a "Foster-Grandparent" program, through which senior citizens are employed to work in child care institutions. The director said participation is limited to senior citizens, 60 years of age or older, whose annual income is approximately \$1500.

Should the project be approved for Madison county, Harris pointed out that the initial phase would be restricted to the Alton area, where child care facilities at the state hospital and a Catholic children's home are maintained. At a later time, he said, it may be possible to incorporate senior citizens from other areas of the county into the program.

The director commented, "Not only does this type of program offer a little extra income for the retired older person, but it enables our senior citizens to again feel useful and a part of the community." He added that preliminary training is given to

those accepted as foster-grandparents.

The EOC official said at a recent conference with community action program directors from all areas of the state, a feeling was evident that many of the anti-poverty programs may be specific projects as enacted by cut-back in the next session of Congress.

He urged all commission members to maintain contact with their congressional representatives, stressing their support for the EOC program and distaste for the earmarking of funds for anti-poverty programs may be specific projects as enacted by cut-back in the next session of Congress.

Apply Now for U. of I. Home Economics Aid

Students planning to study home economics at the University of Illinois next September should apply for scholarships immediately. Mrs. Catherine R. Mauck, Madison county home advisor, announced.

Cash scholarships may be available to students who graduate in the upper quarter of their high school class. Amounts and requirements vary with the particular scholarship and individual attention. Class rank, ACT scores and financial need are major considerations.

To apply, submit a U. of I. scholarship application and Parent's Confidential Statement by April 1. To get an application form, write to C. D. Smith, college of agriculture, 104 Mumford hall, Urbana, Ill. 61801.

Students need not be in the top quarter of their class to qualify for educational opportunity grants. The new federal student aid program provides aid for needy students who qualify for admission to the University. The county superintendent of schools has details.

A total of 72 students from 29 foreign countries are in residence this semester at Illinois State University. ISU also draws students from 43 states and 100 of Illinois' 100 counties. Nations represented range from Vietnam to Jordan and Pakistan.

30 Coolidge Students Visit Shop at Depot

Thirty students, members of the seventh grade science class at Coolidge Junior high school, visited the cryogenics division at the Granite City Army Depot recently.

Carl Casto, chief of the division, hosted the group with a tour through the cryogenics shop. The shop is a section of the depot where the building and rebuilding of liquid oxygen plants

takes place. The plants are used by the military throughout the world.

They produce oxygen, nitrogen and carbon dioxide which are necessary for hospitals, missiles, aircraft and pilots in today's military operation.

Student Orientation Set Monday at SIU-SW

More than 100 spring quarter freshmen have been invited to visit part in New Student Orientation at Southern Illinois University-Southwestern campus next Monday. The new quarter will open with evening classes on that day.

Events for the day will begin at 8:30 a.m. with registration at the new University Center Student Activities Office.

At 9 a.m. Robert Reed, director of student activities, will give a welcoming speech to the new students, followed by a 30-minute film entitled "I Wish I'd Known That Before I Went to College." The film is designed to help students get off on the right foot and depicts instances in which insufficient preparation for college life has caused unnecessary trouble.

At 9:45 a.m. a reception will be held, followed by a panel discussion to help orient freshmen to the SIU-SW environment. Members of the panel will be student leaders representing various student activities and services of the university.

Campus tours beginning at noon will complete the orientation activities.

Illinois State University, Normal, hopes to have its fourth college in operation next fall. A proposed college of business still needs approval of the Board of Governors and Board of Higher Education. ISU, in the fall of 1968, established colleges of arts and sciences, applied science and technology, and education.

Industry Wooling College Graduates With More Salary

The non-technical college graduate is coming into his own in the national job market, both in salary, according to Roy R. Bryant, director of Southern Illinois University's placement services and president of the national College Placement Council.

Latest survey conducted by the council shows an 18.8% increase in the number of job offers over the past year, and an average monthly salary of \$611, up 2.5% since January and 7.2% over last June, he said.

By comparison, the offers to technical students have gone up only 7.7% over the last year, and salaries rose to \$713, a gain of one percent since January and 6.3% over June of last year.

"This is the first reason that the salary average for technical seniors has gone over the \$700 mark and that for non-technical seniors over the \$600 mark," Bryant said.

The survey is based on data collected by placement offices at 116 selected colleges and universities from coast to coast.

The highest dollar average is currently commanded by chemical engineers, \$729, followed by electrical engineers, \$721; aeronautical engineers, \$715; and mechanical engineers, \$712.

However, accounting majors led in the percentage increase with a 7.5% boost since last June, the dollar value rising from \$585 to \$623.

Contrasted with these figures for bachelor's candidates is a more modest upward trend in the master's and doctoral levels. Bryant said, "In fact, the average dollar value of offers to doctoral candidates has dropped in most instances since January, except in chemistry and physics. Chemistry majors, the only master's candidates to experience a sharp increase since last June, received average offers of \$525."

Easter Holiday Hours At YMCA Announced

Hours of operations of the youth and Teentown lobbies during the long Easter weekend were announced by Charles Hulse, youth director.

The youth lobby will be open until 6 p.m. today and from 10 a.m. to 6 p.m. Friday, 9 a.m. to 4 p.m. Saturday and 10 a.m. to 7 p.m. Monday and Tuesday.

The Teentown lobby will be open until 6 p.m. today and from 10 a.m. to 6 p.m. Friday, 11 a.m. to 4 p.m. Saturday, noon to 9 p.m. Monday and 10 a.m. to 7 p.m. Tuesday.

A Teentown dance will be held from 8:30 to 11:30 p.m. Saturday.

The "y" adult schedule will not be affected except for a 6 p.m. closing on Friday.

Home Economics Guest Day Planned at SIU

Chemists in the Kitchen, an experimental foods class demonstrating scientific methods of cooking, will be just one of the exhibits high school students will see at the annual Home Economics Guest Day at Southern Illinois University April 6, at Carbondale.

Each of the departments in the School of Home Economics will have one or more demonstrations going on in classroom or laboratory, according to Mrs. Vesta Morgan, general chairman.

Theme of the 1967 event will be "World Wide Significance of Home Economics," which will be emphasized during a panel discussion by SIU students and alumni at the morning convocation in Shryock Auditorium.

The visitors will tour the Home Economics Building and see students at work in foods and nutrition, clothing and textiles (including laundry department), home and family (including the child development laboratory), and a home economics teaching, as well as in research.

The School of Agriculture will also hold its Guest Day April 8.

ISU Plans Classes for High School Juniors

A "college credit in encrow" program for talented high school juniors has been announced at Illinois State University by Dr. Theodore Sands, coordinator of programs for gifted students.

The plan will enable students who will complete their junior year in June to come to the ISU campus for eight weeks, from June 19 to Aug. 11, for classes, special counseling, and a recreation program.

Students may enroll for three or six hours of regular college work in general education courses listed in the ISU summer bulletin.

A record of credits will be kept and treated as regular credits if the student later enrolls at ISU. If the student later enrolls at another college, his credits will be forwarded for evaluation.

TO THE VOTERS OF CHOUTEAU TOWNSHIP:

This letter is to the Ladies and Gentlemen who will be voting in the CHOUTEAU TOWNSHIP GENERAL ELECTION FOR ROAD COMMISSIONER ON APRIL 4, 1967.

I, GERALD H. (Jerry) FARRIS believe it is time to do something about the streets and roads of our township. I think the roads and streets in worst condition should be brought up to par first, regardless of the precinct in which they are located. The drainage problems that we have, I will survey to determine where the water should go.

In the best of interest of you, the Citizens of our township, I promise the highest quality of road care possible.

At 17 years old I was running heavy equipment on road jobs at CCC Camp. With twenty-five (25) years of actual road building and maintenance experience, I sincerely believe I can fulfill the many time-consuming duties and responsibilities of YOUR road commissioner for CHOUTEAU TOWNSHIP.

I will, if necessary, make available and use my own equipment to take care of any and all road problems in case of township equipment failure, this will be done to insure that the roads and streets of our township will be in the best possible condition at all times.

The lady that is knocking on your doors is my wife. We have been married 30 years.

This letter is my personal appeal for your VOTE AND SUPPORT in the Election of APRIL 4, 1967. If you have any questions or desire further information you may feel free to telephone or visit me at home.

I thank you for your VOTE AND SUPPORT.

Sincerely,
Gerald H. (Jerry) Farris

FALL BRIDE-TO-BE. Miss Karen Crawford, a daughter of Mrs. Coleta Crawford of Green Bay, Wis., formerly of Venice, and the late Clarence Crawford, whose betrothal to Wilbert Vandenberg, also of Green Bay, is announced.

Fall Wedding Is Planned

The engagement and forthcoming marriage of Miss Karen Crawford, a former Venice resident, to Wilbert Vandenberg, was announced by her mother, Mrs. Coleta Crawford, 1816 Fiesta lane, Green Bay, Wis., while the latter was visiting here this week.

Plans are being made for a Sept. 2 wedding.

The bride-elect attended Venice schools prior to leaving here about eight years ago. She was graduated in 1961 from Cheboygan, Mich., high school and is employed at Wills Saddle Shop in Green Bay.

Her fiancé, also a resident of the Wisconsin community, is employed at Liebherr Packing Co. Mrs. Crawford was the sister-in-law of Mr. and Mrs. Craig Sauter, 2744 Sunset drive. Miss Crawford's father was the late Clarence Crawford of Venice and Green Bay.

LEAVES TO JOIN HUSBAND

Mrs. Charlotte Charbonnier left recently for Anchorage, Alaska, to join her husband, Pfc. Allen Charbonnier Jr., stationed at Fort Richardson. Pfc. Charbonnier is working as a motor pool mechanic.

His parents reside at 2544 Edwards street. The new address of Pfc. and Mrs. Charbonnier is 126 North Park, Mt. View, Alaska.

MRS. GARY K. WELSHANS, the former Toni Sue Harlan, a daughter of Cdr. (ret.) George M. Harlan, U. S. Navy, and Mrs. Harlan of Alhambra, Calif., who was married Monday evening at Westminster Presbyterian Church in Pasadena. The bride is a granddaughter of Mrs. L. C. Harlan and the late Dr. Harlan of Madison.

Tea Honors Mrs. Hoskins

Wives of dignitaries in the Quad-Cities area were among the special guests this afternoon when members of the Granite City Army Depot Officers' and Civilian Wives Club entertained at a tea honoring Mrs. Charles E. Hoskin III, wife of the depot commander.

Spring flowers decorated the Officers Club for Mrs. Hoskin and Mrs. Max Coats, club president, to receive the guests. Mrs. Phyllis Wallace played several piano selections.

The lace-covered tea table was centered with spring blossoms in an antique silver compote, flanked by tall silver candelabra. Mrs. Kenneth G. Drayton, chairman, was assisted by Mrs. George Thompson, Mrs. Barney Asbury, Mrs. Charles Bailey, Mrs. L. W. Romine, Mrs. David Davies, Mrs. Roland Anderson, Miss Ruth Stoyanoff and Mrs. Lewis Rains.

Invited guests included Mrs. Stephen Maeras, Mrs. John Lee, Mrs. Thomas Statcott, Mrs. Carl Mathias, Mrs. William Heitscher, Mrs. A. P. Steinhauer, Mrs. Carl Rant, Mrs. Roy L. Wilms Jr., Mrs. William Thoeke, Mrs. Gilbert Kulenkamp, Mrs. Wayne Scannell, Mrs. Edwin Donley, Mrs. Howard Schiltz, Mrs. Roger Meissner, Mrs. James Meador, Mrs. John Leary, Mrs. John Marszal, Mrs. Lawrence Hengehold, Mrs. Wayne Banks, Mrs. George Eubanks, Mrs. Theodore Overbeck, Mrs. Robert San Soucie, Mrs. J. Albert Riley, Mrs. C. E. Townsend, Mrs. B. E. Babcock, Mrs. Edwin Decker, Mrs. Walter F. Derck, Mrs. Albert H. Sonntag, Mrs. C. I. Steele, and Mrs. Herbert Strickland.

HOUSE OF STYLE BEAUTY SALON 925 LEE, MADISON

Miss Toni Harlan Wed in Pasadena

Announcements have been received of the marriage Monday evening in Pasadena, Calif., of Miss Toni Sue Harlan, a granddaughter of Mrs. L. C. Harlan of Madison, and the late Dr. Harlan, to Gary Keith Welshans.

The bride is a daughter of Cdr. (ret.) George M. Harlan and Mrs. Harlan of Alhambra, Calif., who was married Monday evening at Westminster Presbyterian Church in Pasadena. The bride is a granddaughter of Mrs. L. C. Harlan and the late Dr. Harlan of Madison.

The wedding took place at the Westminster Presbyterian church and a reception followed at the Harlan home.

The former Miss Harlan will be graduated in August from Pasadena City College School of Nursing. Mr. Welshans is a senior at UCLA School of Engineering. Among those in the wedding party were the bride's younger brother, George Harlan Jr., who served as an usher, and Mr. and Mrs. Robert C. Richards, brother-in-law and sister of the bride who were matron of honor and usher.

Those Who Serve

THE JUNIOR CHAMBER OF COMMERCE dedicated to building a better community...

The Junior Chamber of Commerce is an organization of young men at work, building for themselves and their communities a life instead of a living.

The Jaycees feel that they owe a debt of gratitude to the community which provides them a home and the privileges of citizenship. They try to repay that debt by taking an active part in the development and improvement of the community, by promoting civic leadership.

Jaycees are active in 2500 chapters in the United States and 52 other countries, performing many vital services to mankind.

They promote religious ideas, public safety, mental health, and community recreation facilities for youngsters. They sponsor safe-driving campaigns for teen-agers, get-out-the-vote drives, and better-local-government campaigns.

The Jaycees provide these and many other services to the communities in which they live. But they ask nothing in return, for they feel that every young man has a stake in his community, and what he does to improve it is just a part of the debt he owes.

PAUSE— and Think for Just a Moment

Will you be happy, years afterward,
with the home you buy today?

You probably will, if you buy it through a Realtor®

When you talk to a Realtor who wants to buy a home, he'll begin by analyzing your needs... and asking you questions—some you probably never thought to ask yourself.

Then he'll show you several homes. Each will suit your present needs... and probable future needs. They will be within your price range... homes you'd be proud to own. Most important when a Realtor describes or shows a home, you can be sure the facts will be as represented.

For a Realtor—a member of the National Association of Real Estate Boards and his local board—subscribes to the professional standards of an established code of ethics. As a Realtor, he may use or display this seal.

We are ready to save you time, trouble, and probably money—whether you wish to buy or sell a house or any other real estate. Call us any time.

40 Eagle Park Teenagers Forming Service Club

A group of more than 40 area groups. Attending the meeting were David Walker, assistant director of the Madison County Economic Opportunity Commission; Walter Robinson, director, and John Lobos, assistant director, Madison-St. Clair counties Neighborhood Youth Corps; Cleveland L. Johnson, president of Eagle Park Improvement Association; Willie Joe Roberts, Eagle Park precinct committeeman; four volunteers from St. Clair county VISTA program; and Mrs. Hortense Carnes, president of the Eagle Park Anti-Poverty Club, which arranged the meeting.

The teenagers said they are interested in working on several improvement projects in the Eagle Park area and offered to help develop the tract of land donated last fall as a park area. The youth hopes to plant trees and install baseball diamonds. They also proposed to work in an area-wide clean-up campaign and assist with beautification projects in the area.

The adult officials present suggested a steering committee be formed, representative of all Eagle Park groups, including officers from the teenage club, the Anti-Poverty Club, Improvement Association and any other group interested in promoting the youth programs.

Robinson said the committee could develop plans to incorporate all projects of interest to the young people. He added that arrangements could be made to hire several groups of youth, who qualify for the Neighborhood Youth Corps, to undertake various clean-up programs during the summer months.

Robinson said two VISTA volunteers can be placed in the Eagle Park area to assist with all community improvement projects.

Walker told the Press-Record that members of the teenage group showed tremendous interest in initiating projects to help themselves and their community. He said a meeting of the committee is to be arranged shortly to draw an outline of specific plans for the area.

Officers of the teenage group are: Lionel Wiley, president; Cleopatra Blakely, vice-president; Barbara Alfred, secretary; Vera Brown, treasurer; and Lloyd Harper, Essie Jackson and Marvin Holt, financial committee; and Charlesetta Dumas, chaplain. The club is sponsored by the Eagle Park Anti-Poverty committee.

Dramatized Cantata Planned March 26-27

The music department of the First Assembly of God Church, 24th street and Grand avenue, will present the John W. Peterson cantata, "No Greater Love," on Easter Sunday night and the following night, March 26 and 27. Both performances will begin at 7:30.

The cantata will feature the 35-voice sanctuary choir, accompanied by an organist, Ruth Brubaker, well known for her organ work in church and community activities; pianist, Carolyn Jenkins, a music major at Southern Illinois University; and harpist, Albertina Weygand, who performs with the St. Louis Symphony and the Belleville Philharmonic. Soloists include Gwendolyn Lee O'Guth, soprano; Beverly Vaughn, mezzo-soprano; Norma Roney and Carole Starling, altos; Don Stover, tenor; and David Williams and Morris Roney, baritones.

"No Greater Love" also will be completely dramatized, with costumed actors, scenery and special lighting effects. The music and drama combine to make an unusual evening of sight and sound.

First Assembly's music department is under the direction of Don L. Stover, and Rev. J. Boyd Wolverton is pastor. The public is being invited to attend.

Merit System For CD Staff

A proposal to place paid personnel of the Granite City Civil Defense organization under a merit system and affiliate with the Illinois State Civil Defense system was approved by the city council Monday night. City CD Director Victor Koenig receives an expense allowance, and there is a part-time secretary.

The action, Alderman Paul Rutledge explained, will permit the local organization to qualify for federal funds. In addition, he said, affiliation with the Illinois Civil Defense system would provide state services and facilities for use by the local unit.

Operation of local defense units under a merit system is one of the principal requirements for qualification for federal funds. Federal grants would permit expansion of the Granite City system and allow sufficient funds for appointment of an assistant director, it was pointed out. The state will provide the services necessary to placing the local unit under the federal requirements, Rutledge said. The proposal carried 14 to one, with Alderman Baerich voting no.

Sewer Data Needed

In other action the council authorized payment of \$150 to the engineering firm of Morgan & Schwaab to research its record for detailed data on construction costs and other obligations of the Namooki sanitary sewer system. Rutledge told the council that records in the comptroller's office are marked with penciled notations in such a way that the amounts owed on the sewer system can be determined accurately.

7 Services on Good Friday To be Given by Association

The Community Good Friday services sponsored by the Quad-City Ministerial Association will be held at Niedringhaus Memorial Methodist Church with 25 and 30-minute programs from noon until 3 p.m. The service for Madison-Venice churches will take place at 7:30 p.m. at First Methodist Church in Madison.

The services at Niedringhaus Memorial Methodist Church will be divided into the time periods, under the following leadership, with Dr. Raymond Troyer, association president, presiding.

Noon until 12:30, Rev. Robert Baumann and Rev. James R. Craddock, with the theme "Father Forgive Them; for they know not what they do"; 12:30 until 1:30, Rev. George Reider and Rev. John DiGiacomo, "Today you will be with me in Paradise"; 1:30 until 2:30, Rev. Boyd Wolverton and Rev. Gail

not be determined accurately. The council was informed by the Illinois State Department of Revenue that its share of municipal tax for December 1966 will be \$34,433. Gross collections were \$30,060, less a 4% administration cost of \$1,244.

City Atty. Allen informed the council that he has received notice that Mirflic Products, Inc., plans to remedy the unsightliness and disrepair of the building at 24th and Adams streets, and that condemnation proceedings probably will be unnecessary. The notice was placed on file.

Critical of Council

A communication was read to the council by Norma Fongolia, 2029 Circle drive, criticizing the city for rules preventing her son from working as a carry-out boy at a liquor store.

She said her son was working to save money to go to college, but unless he finds another job he will be unable to do so. A motion to file the letter and send a copy to the Ministerial Alliance, was defeated, and the council then voted to file the letter.

A claim for \$1793 for work done on check records on run-down properties was paid to Atty. Roy Strawn.

Cross, "Woman, behold your son, behold your mother"; 1:30 until 1:45, Rev. Clair Clark and Rev. Goodies Love, "My God, my God, why hast thou forsaken me?"; 1:45 until 2:10, Rev. W. J. Richards and Rev. Frank Christ, "I, thirst"; 2:10 until 2:35, Rev. Carl Johnson and Rev. James Eldridge, "It is finished"; 2:35 until 3 p.m., Rev. Claude Thompson and Rev. Paul Sims, "Father into thy hands I commit my spirit."

The high school ensemble, under the direction of Warren Simpkins, will sing "Bound upon the Accursed Tree" (Dale Wood) during the opening worship period of the service. Following the meditation of the First Word, which will be given by Rev. Baumann, the ensemble will sing "Who Crucified My Lord?" (Belcher). Mrs. Russell K. West will be the accompanist.

Water Co. to Pay \$25,983 to GC for Sewage Treatment

Through an oversight, the East St. Louis Interurban Water Co. was left off the billing list of sewer rental fees when the city began fee collections for operation of the sewage treatment plant this year, Alderman Charles Moerlien told the Granite City council Monday night.

As a result, he said, the water company owes the city \$25,983 for three quarterly periods at a rate of \$8661 per quarter. The rate was determined in meetings with company officials, Moerlien explained, after he began looking into the water company's payment rate "as a matter of curiosity."

Moerlien, who is chairman of the council's Pollution Plant committee, said he drove by the company's catch basin at the Logan street plant and noticed the large amount of water pouring into the basin.

"I was curious as to what the company was paying and on what rates it was being billed," Moerlien related. "I went to the office in Granite City and was told there that the company understood it was not to be billed for sewer rental fees, and that so far no payment had been made, nor had any bills been received."

Met With Officials

"I instructed our treatment plant superintendent to meet with company officials to straighten out the matter, which was done in meetings early this month," he said.

The alderman pointed out that while the city paid the water company \$480 for a list of individuals served by the company, to be used as a billing list for the sewage treatment plant, the list of industries and businesses was prepared by the city for billing purposes.

He said he did not know how the water company was left off the list, but that "somehow it was overlooked."

The company has agreed to pay the bill retroactive to the beginning of rental fee billing, the alderman told the council. The company hereafter will pay on the \$8661 quarterly basis.

Auto Stopped, Struck

While stopped for a railroad signal, an auto driven by Kenneth L. White, 1657 Third street, Madison, was struck from behind by another driven by Jerry W. Cameron, East St. Louis, at 1:30 p.m. Monday on East 21st street at Nash street.

SPRING EVENTS FOR GIRL SCOUT TROOPS

Juliettes of Girl Scout Neighborhood Five will not hold their meeting scheduled for March 28 due to the extended Easter vacation. Troop leaders are being re-

minded that the international dinner is to be held at St. John's United Church of Christ March 30 at 6:30 p.m.

Permission slips and fees are to be given to Pat Atkinson by April 1 for Browne Revelle, Junior Fun Day is to be held at Camp Lakota on May 13. Basic first-aid is in progress at Wilson school each Monday evening from 7 to 8:30.

Advance courses are being given on Tuesday morning from 8:30 to 11:30 at the civil defense building and on Tuesday evening from 7 to 9 o'clock in the kindergarten room at Mitchell school.

The leaders will meet April 25, and training for new leaders is to be held on April 11, 13, 18 and 20. Those planning to take training are to contact their neighborhood chairman for registration forms.

As a service project, Girl Scouts in Neighborhoods One, Two, Three, Four and Five have pre-

pared "bunny boxes" to be given to patients at Alton State Hospital on Easter Sunday. The boxes contain candy, cookies and personal items for use by the patients.

On Sunday afternoon, Mrs. Joyce Sikorski and Mrs. Jean Cotter of Neighborhood Five, assisted by Pam Sikorski and Carol Cotter, picked up the boxes from the Sikorski home and took them to the hospital to deliver the gifts.

Auto Stereo Stolen

An auto stereo set valued at \$120 was stolen from the auto of Andrew Jenkins, 2412 St. Clair avenue, while it was parked during the day on the Granite City high school lot, he reported at 6:55 p.m. Monday.

Leaders from the other neighborhoods in a caravan which traveled to the hospital to deliver the gifts.
